Introduction

Always Open Markets: Your 24/7 Snack Solution

Located in Charlotte, North Carolina, Always Open Markets is dedicated to providing cutting-edge, AI-Powered Smart Stores that operate around the clock. Our convenient tap-and-go Smart machines are filled with fresh, nutritious snacks and beverages that are sure to satisfy both your team and your customers. **Whether you're overseeing an office, a gym, a school, or any bustling location, we make it easy to offer 24/7 access to snacks without any hassle.**

Vision

Our vision is to transform property amenities by offering a seamless, round-the-clock refreshment experience that embodies the luxury and convenience of today's lifestyle. We strive to enhance resident satisfaction by converting a typical break area into a sophisticated, high-tech marketplace.

To be the premier silent partner for top-tier properties—delivering cutting-edge technology, premium product curation, and zero-maintenance reliability that enhances every visitor's experience."

Premium Micro-Market Vending | CHARLOTTE, NC | 24/7

We aim to deliver a top-tier dining experience to businesses, universities, healthcare facilities, and residential communities—operating around the clock without requiring any labor from the property host. Our Smart Stores leverage advanced computer vision technology to facilitate smooth transactions. Simply tap, swipe, or insert your card to unlock the door, take what you desire, and close the door—it's that easy!

Join the increasing number of industry leaders transitioning from traditional vending to innovative technology that provides a seamless shopping experience for snacks, drinks, and meals.

Always Open MARKET

Premium Micro-Market Vending | CHARLOTTE, NC | 24/7

In bustling residential and business areas, the lack of accessible, high-quality refreshment choices leads to diminished satisfaction and unwarranted trips off-site. Conventional vending solutions often fall short, proving to be unreliable and outdated, failing to align with the premium expectations of today's community.

Residents and employees frequently have to leave the premises in search of quality refreshments. The existing vending machines are either “cash-only” or often out of order. Conventional vending options provide “junk food” that does not align with the health-conscious, upscale lifestyle. Furthermore, property teams are pressed for time and unable to manage refunds, restocking, or maintenance.

Solution

Premium Curation

- **The Fix:** We replace "junk food" with healthy snacks, protein shakes, and premium drinks.
- **The Benefit:** Provides wellness-focused options that match an upscale lifestyle.

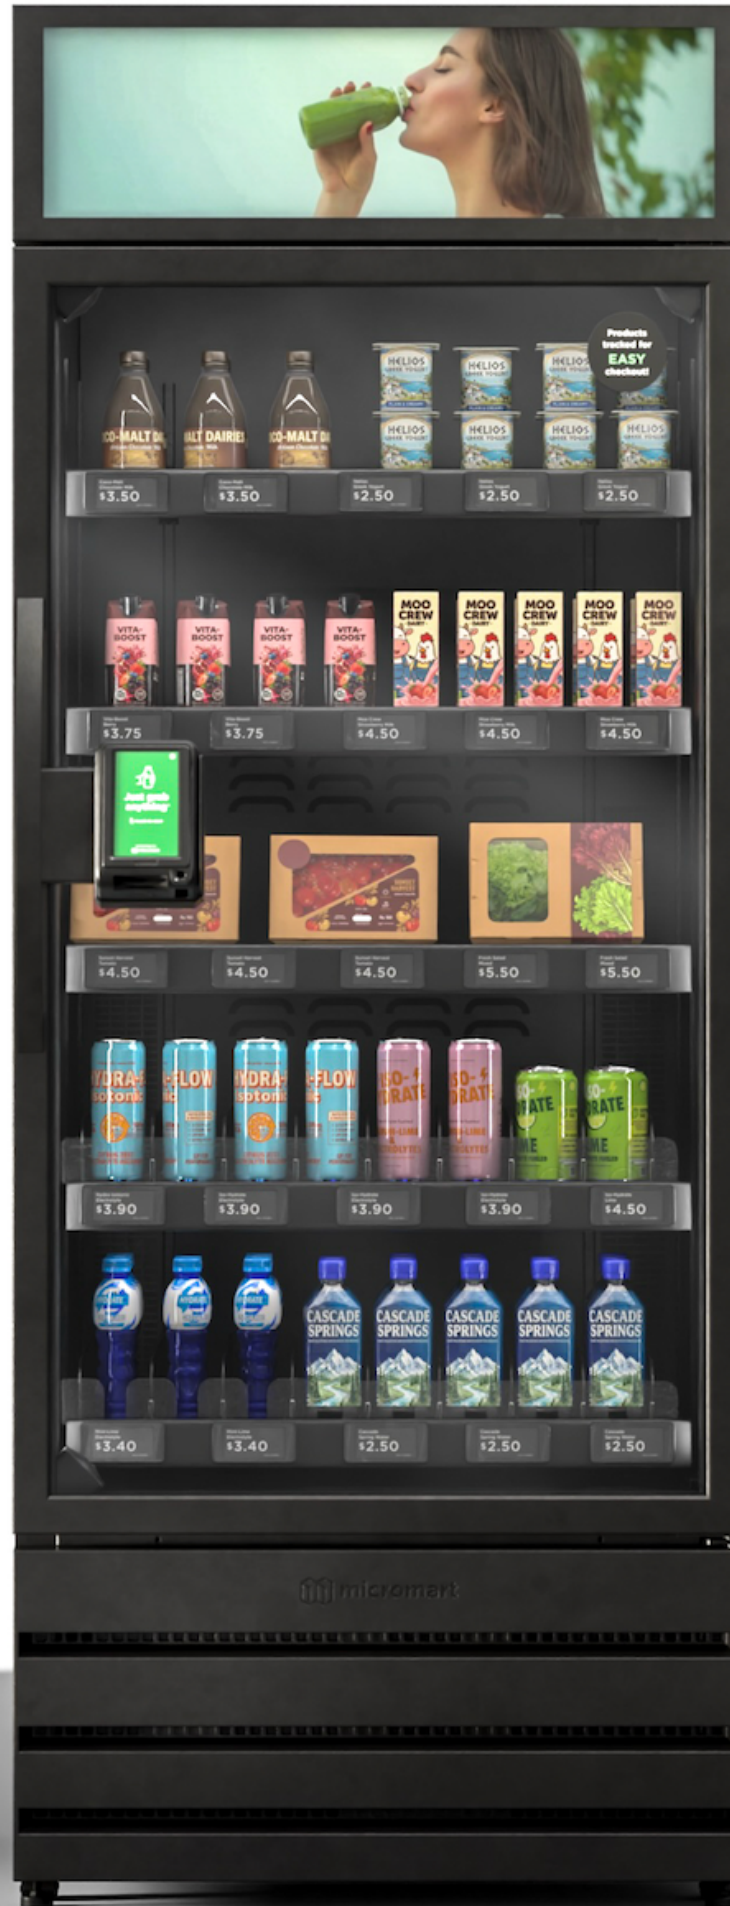

Smart Technology

- **The Fix:** 100% cashless (Apple/Google Pay) with AI-powered, real-time inventory tracking.
- **The Benefit:** No more "out of order" signs. We restock before the shelf is ever empty.

The "Hands-Off" Partnership

The Fix: We handle all delivery, installation, maintenance, and restocking.

- **The Benefit:** A luxury amenity for your property with zero cost and zero effort from your team.

Plug & play, technology that simply works.

Cellular, wifi connectivity

Object Recognition Sensors

POS with Smart-Lock

Edge computer

HD Digital display

Digital price tags

Tailored product pushers

Warranty

5 years for the fridge compressor

1 year warranty on all other parts & labor

Made in Canada

Conclusion

I am reaching out to propose a partnership to enhance the on-site amenities by introducing a premium, hassle-free vending solution. My company, Always Open Markets, offers sleek, smart refreshment stations with 100% cashless payments (Apple Pay/Credit) and a curated selection of better-for-you brands like Celsius, Kind, and SkinnyPop that align with your [residents'/employees'] lifestyle. Our service is a zero-cost, zero-effort amenity for your team—we handle the seamless installation, 24/7 remote inventory monitoring, and all maintenance at no expense to the property. I would love to schedule a brief 5-minute site walkthrough next week to identify a potential location and discuss how we can elevate your on-site convenience.
