Experience Baltimore History

In commemoration of Frederick Douglass' November 17, 1864 historic return to Baltimore, BBH Tours is hosting a multi-day tribute to the legendary abolitionist. Douglass, an enslaved boy, resided in Fell's Point from 1826-1838.

During the week of November 17-22, 2026, BBH Tours will share Mr. Douglass life's work and the freedom trail that led him from Talbot County, Maryland to Baltimore to New Bedford & Lynn Massachusetts, onto England, a residence in Rochester, New York and finally to his Anacostia home in the District of Columbia. Douglass passed away there on February 20, 1895. Planned activities include discussions, displays, museum tours, walking tours, "sip and bite" foodie tours, entertainment, and shopping throughout the historic Fell's Point district.
