

# Beaded Wire Form Ornaments

# Beaded Wire Form Ornaments

Instructions by Joyce Trowbridge

## Materials:

4 grams Size 11/0 Seed Beads:  
7-8 grams Each in 2 Colors of Size 6/0 Seed Beads  
1 Strand (15" long) Small Crystal Rondelles  
1 Strand (15" long) Large Crystal Rondelles  
1 Set Beadsmith Wire Forms  
1 6mm Jump Ring Closed  
2 Swarovski Heart Crystals

## Tools:

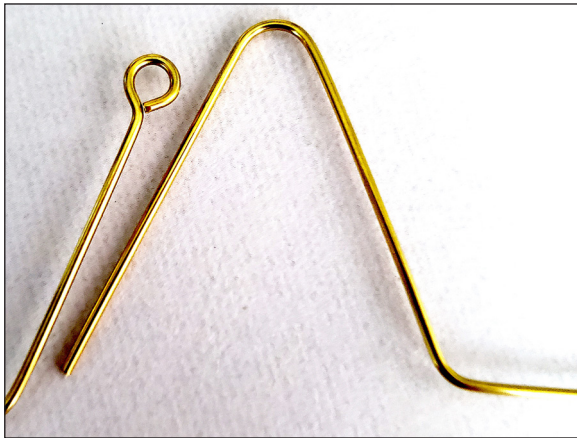

Bead Mat  
Wire Cutters  
Chain Nose Pliers  
Round Nose Pliers

## Star Wire Form.....

### Step 1

Make a simple loop on the pointing up end of the Star Wire Form.

### Step 2

String Size 6/0 Seed Beads. Fill up the Star Wire Form so that the looped end meets the top point of the star.

### Step 3

A. Curl the wire down into a loop, making it the same size of the loop on the other end.

B. Curl wire down from the end to make a larger loop above the one you just made.

## Step 4

Cut a piece of the Thin Craft Wire. Wrap an end of the wire around a Jump Ring. Leave a small tail.

## Step 5

On the Craft Wire, String 2 11/0 Seed Beads, 3 Rondelles, 1 11/0 Seed Bead, 1 Large Rondelle, 1 11/0 Seed Bead, 3 Small Rondelles, and 2 11/0 Seed Beads.

Wrap the Wire around the Wire Form at the point of the star, between beads. For the first attachment, *attach to the point on the left of the looped ends.*

## Step 6

**A.** String 2 11/0 Seed Beads, 3 Small Rondelles, and 1 11/0 Seed Bead. Go back through the Large Rondelle.

**B.** String 1 11/0, 3 Small Rondelles, and 2 11/0 Seed Beads. Wrap around the Jump Ring.

**Step 7**

**A.** String 2 11/0 Seed Beads, 3 Small Rondelles, 1 11/0 Seed Bead, 1 Large Rondelle, 1 11/0 Seed Bead, 3 Small Rondelles, 2 11/0 Seed Beads. Bring the small loop ends together and wrap around them with the Craft Wire.

**B.** String 1 6/0 Seed Bead. Wrap wire around the 2 loops together. Allow the 6/0 Seed Bead to go in front of the loops, covering them.

**Step 8**

String 2 11/0 Seed Beads, 3 Small Rondelles, 1 11/0 Seed Bead. Go through the Large Rondelle. String 1 11/0 Seed Bead, 3 Small Rondelles, and 2 11/0 Seed Beads. Wrap wire around the Jump Ring.

**Step 10**

Continue adding beads between the Jump Ring and each point following Steps 5 and 6.

**Step 10**

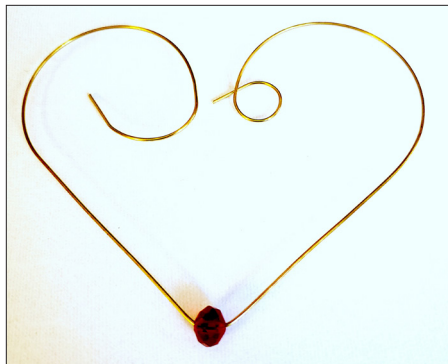

String one Large Rondelle. Let it cover the Jump Ring. Wrap around Jump Ring. Secure wire, trim ends.

# Heart Wire Form .....

## Step 1

Open up the loop on one side. String a Large Crystal Rondelle to the Heart Wire Form, letting it fall to the bottom center of the Heart Wire Form. *May have to loosen up the bend in wire for the bead to settle in place.*

## Step 2

String Rondelles and Seed Beads in pattern shown or your own, keeping identical on both sides. Curl up the wire end on one side making a loop.

## Step 3

Bend upwards the other Heart Wire Form end. Intertwine this end with the loop on the other side. Form a larger loop with the bent wire end above the other loop. Tweak loops so they are center top of heart. Trim extra wire.

## Step 4

Cut 18 inches of the Craft Wire. Secure loops together with wire at the spot they are intertwined. Wire wrap beads around loops.

## Step 5

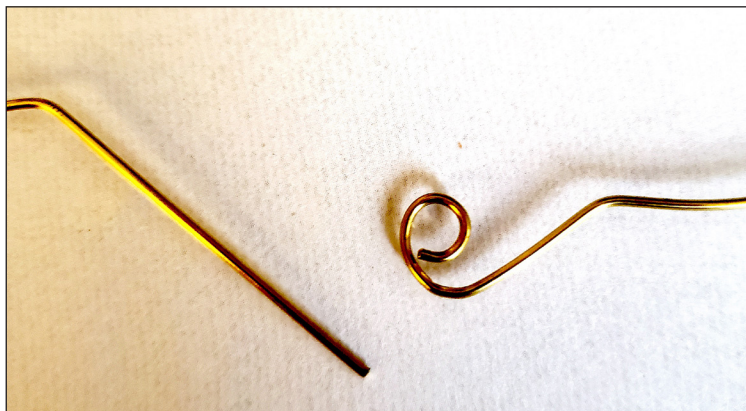

Cut 6 inches of Craft Wire. String 3 size 11/0 Seed Beads, 1 Heart Crystal, and 3 size 11/0 Seed Beads. Bring ends together, string decorative beads as desired. Repeat for a second at a different length. Wrap wires around bottom loop and secure. Trim excess wire. *Repeat for second dangle.*

# Bell Wire Form.....

## Step 1

On one side of the Bell Wire Form curl up in a loop with a slight spiral.

## Step 2

Add Size 6/0 Seed Beads to fill the Bell Wire Form. Make a loop with a slight spiral to mimic the other side. Hook the two spiral loops together.

## Step 3

Cut a piece of Craft Wire. Secure Craft Wire to the Bell Wire Form near the top of the Bell. String a pretty pattern of beads to go across to the other side of the Bell Wire Form, letting it drape. Wrap the Craft Wire around the Bell Wire Form to secure. Trim wire ends.

## Step 4

Continue making more rows of beads in pretty patterns. Make as many rows as you like.
