

Beads Over The Horizon Necklace

Beads Over the Horizon Necklace

Instructions by Joyce Trowbridge

Materials:

- 1 TierraCast 42mm Charm Keeper Hoop
- 11 TierraCast Large Hole Nugget Beads
- 36-45 11/0 Seed Beads
- 31-35 8/0 Seed Beads
- 15 2mm cut Cube Beads
- 22-23 2mm Round Crystal Beads
- 16-19 2.5mm Round Metal Beads
- 9 4mm Fire-polished Beads
- 15 2mm Fire-polished Beads
- 32-42 Inches of Chain
- 1 Toggle
- 1 TierraCast Large Oval Jump Ring
- 3 TierraCast Medium Oval Jump Rings
- 3 feet 26 gauge Soft Flex Craft Wire

Tools:

- 1 Bead Mat
- 2 Chain Nose Pliers
- 1 Wire Cutters

Step 1

Unhook the **Charm Keeper Hoop**. String on **11 Large Hole Nugget Beads**. Re-hook Charm Keeper Hoop to close.

Step 2

Cut **3 feet of 26 gauge Wire**. Place Wire on the *Left Side* of the Nugget Beads.

Leave a 2-3 inch tail to hold onto. Make sure tail is towards the inside of the Hoop and the long end is heading outside of the Hoop.

Step 3

Pull the long end around and through the Hoop.

Step 4

Continue to wrap Wire around Hoop for a total of **4-5 Coils**.

Bring Wire over to the *Right Side* of the Hoop.

Step 5

String 14-15 size 11/0 Seed Beads. Bring Wire in front, around, and through the *Right Side* of the Hoop. Wrap for a total of 6 Coils. Bring Wire through and in front of the *Left Side* of Hoop.

Step 6

String 13-14 size 8/0 Seed Beads. Bring the Wire in front, around, and through the *Left Side* of the Hoop. Wrap for a total of 9 Coils. Bring Wire through and in front of the *Right Side* of Hoop.

Step 7

String 15 2mm Cut Cube Seed Beads. Bring Wire in front, around, and through the *Right Side* of the Hoop. Wrap for a total of 8 Coils. Bring Wire through and in front of the *Left Side* of Hoop.

Step 8

String 22-23 2mm Crystal Round Beads. Bring Wire in front, around, and through the *Left Side* of the Hoop. Wrap for a total of 6 Coils. Bring Wire through and in front of the *Right Side* of Hoop.

Step 9

String 16-19 2.5mm Round Metal Beads. Bring Wire in front, around, and through the *Right Side* of the Hoop. Wrap for a total of 6 Coils. Bring Wire through and in front of the *Left Side* of Hoop.

Step 10

String 22-24 size 11/0 Seed Beads. Bring Wire in front, around, and through the *Left Side* of the Hoop. Wrap for a total of 6 Coils. Bring Wire through and in front of the *Right Side* of Hoop.

Step 11

String **9 4mm Fire-polished Beads**. Bring Wire in front, around, and through the *Right Side* of the Hoop. Wrap for a total of **6 Coils**. Bring Wire through and in front of the *Left Side* of Hoop.

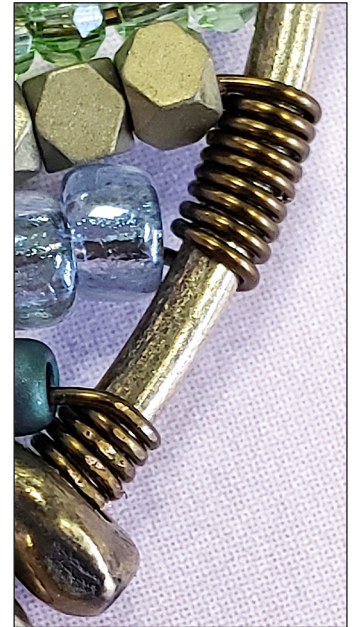

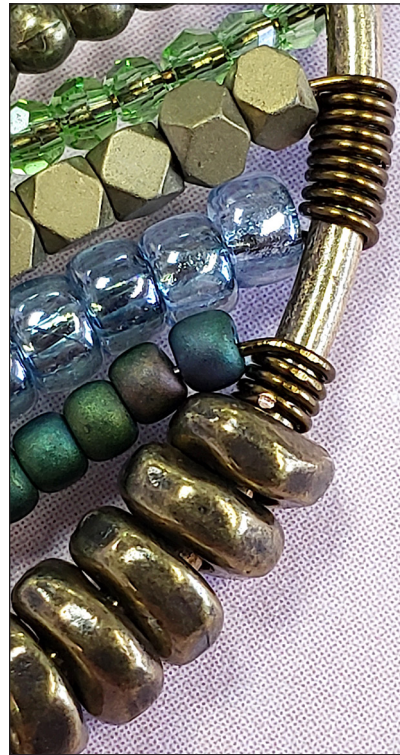

Step 12

String **15 2mm Fire-polished Beads**. Bring Wire in front, around, and through the *Left Side* of the Hoop. Wrap for a total of **6 Coils**. Bring Wire through and in front of the *Right Side* of Hoop.
String **17-18 size 8/0 Seed Beads**. Bring Wire in front, around, and through the *Right Side* of the Hoop. Wrap for a total of **6 Coils**.

Step 13

Cut Wire tail on the back side (first picture). Take Chain Nose Pliers and press the end down and around the Hoop (second picture). Repeat for the other Wire end (not shown).

Step 14

Use a **Large Oval Jump Ring** to attach the loop of the Hoop to the Toggle Ring.

Step 15

Determine the length of chain (32-42 inches). Since this design gives you the option of wearing it long or short, make sure both ways are comfortable to wear.

Find the center link and use a **Medium Jump Ring** to attach it to the **Toggle Bar**.

Step 16

Use a **Medium Oval Jump Ring** to attach one end of the Chain to the small loop of the Toggle Ring. Repeat for the other end of Chain using a second Jump Ring.
