

Holiday House Boutique FAQs

Thank you for your interest in participating in the Holiday House Boutique Market. Here are a few of the most frequently asked questions and answers.

Q. Do I have to “work” the boutique?

A. No, as stated in the packet that you received, this is not a boutique that you “man or work” your booth. You set up your display at your scheduled time the day prior to the boutique and you leave the rest of it up to the HHB crew until pick up night.

Q. Can I come back and restock and fix my display?

A. YES! You are welcome to come back during the sale hours and add more to your display. You are not permitted to bring in lots of inventory during the day however, the bulk of your items should be set up the day prior as to not be

disruptive to the boutique and the shopping for the customers. The HHB crew will “fluff” your booths as time allows throughout each day. If you have backstock under your table, let one of us know and we will restock for you.

Q. What is the size of each “booth”?

A. Your display must fit into your booth space. You do NOT have to use a table if you don’t want to but your display has to fit in your allotted space. Please refer to the HHB Facebook/Instagram photos for display ideas.

Q. What items does the boutique and/or venue provide?

A. Nothing – you are responsible to bring all of your display items, table and/or shelves and tablecloth (if applicable).

Q. If I bring a table, do I need to have a tablecloth?

A. YES! It must be floor length. Typically, just the front of the table unless you are on the end cap or one of the walk around spaces.

Q. Do I have to use the barcode tagging system through HHB or can I use my own price tags?

A. HHB has its own tagging system for the bar codes that you must use.

No HHB barcodes = No sales. No sales = No Money.

This also allows you to see your sales in live time so you know when you need to head over to restock.

Q. Can I accept custom orders through the boutique?

A. HHB does not want to discourage customers from reaching out to you for special orders but your booth needs to be 100% ready to buy items. HHB strongly encourages you to have business cards at your booth so that you don't lose out on those follow up orders.

Please refer to your packet for all of the details that pertain to the HHB market.

Thank you for your interest in participating!!
