VEGA. LIFT YOUR EMOTIONS.

Vega for over 15 years has been representing the excellence in elevators accessories.

To create products characterized by such a style that makes the lift appear as an element of decor.

This is Vega Style Lift philosophy . Here, the the search of perfection meets the contemporary splendour.

Care of shape, sobriety of colour and attention to detail are decisive elements.

Minimalist products in perfect Italian design makes refined and long-lasting solution, with an upper level style.

The specialized experts of Vega Lab test and combine new materials such as glass, steel, marble, corian and refined wood giving to your elevator a touch of glam.
