

The FV-12 utility torch is a great, economical source of portable heat. Used in a wide variety of spot heating applications such as; boiling water and cooking food. Our exclusive valve-orifice assembly allows this torch to operate safely at tank pressure, eliminating the need for a pressure regulator and keeps your hands away from the heat source.

NOTE - It is recommended that this torch be used in a kit form FV-12-K.

- Easy To Use
- Two Handled Design
- Fully Welded Construction
- Every Unit is Function Tested
- Shipped with HD Brass Valve
- Includes Adjustable Air Shutters
