Montana Catholics For Life

For Babies For Mothers For Families

“Every child that arrives is God’s gift. Every baby, in every case, and in whatever situation is to be welcomed,” –Pope Francis via video *Love Brightens the World’s Darkness*, 2021

Families are sacred. They are the domestic church and the most significant factor in helping determine the lifelong flourishing of each member, children and parents alike. Part of the reason for this is that they know how to lovingly meet challenges together, including the challenge of an unplanned pregnancy. They understand that rallying to support a new mother is a true expression of love and that her life as a mother will be deeply fulfilling and enriching.

Motherhood, even if unplanned, is a gift to women, their children, families, and all of society. It is not a prescription for certain failure or poverty, and it is certainly not a “problem” that needs to be solved by taking the life of a child through abortion. Families know this and throughout history have supported mothers with unplanned pregnancies.

CI-128 would enshrine abortion in the State Constitution of Montana eliminating regulations by rendering them unconstitutional. This includes the current requirement for parental notification when a minor obtains an abortion. This change is unacceptable as it eliminates a young mother’s very best chance of flourishing in life by creating a barrier of secrecy between her and her family. Mothers deserve better in Montana.

Please continue to pray and spread the word - decline to sign the petition to place Constitutional Initiative 128 (CI-128) on the November ballot.
