Who we are?

Pepito's Paletas is a minority woman-owned CO-OP business blending traditional Mexican paletas with healthy vegan recipes.

We deliver fresh, made-to-order gourmet paletas in our 8-hour Frozen Signature Box, eliminating plastic and freezers. As an incubator, we empower women through hands-on training in business and marketing, helping them achieve their entrepreneurial dreams—whether that's owning a Pepito franchise or starting their own venture.

We share in the profits and support their journey, fostering a new generation of leaders committed to healthy, sustainable options.

Please note that the listed prices are retail. Wholesale prices will vary based on the selected quantity and flavors, and we will discuss these once you decide on your selections.
