

A close-up, action shot of a male cyclist wearing a yellow and red jersey, a yellow helmet, and reflective sunglasses. He is leaning forward on his handlebars, which are labeled 'DURAACE'. The background is blurred, showing a crowd of spectators. The text 'ROAD RACE' is overlaid in large, light blue, sans-serif capital letters.

ROAD RACE

E25

SCHWALBE PRO ONE TUBELESS

The best road bike tire Schwalbe has ever developed

- Addix Race Compound: For optimal rolling resistance and maximum grip
- Offers comfort and suppleness while riding due to Souplesse construction
- Very good puncture protection thanks to V-Guard
- Produced with fair trade rubber

BEST USE Race

Note: The TLE tire is specifically designed for tubeless use without a tube and thus offers by far the best performance. TLE tires must always be ridden with sealant.

Time Trial

SCHWALBE PRO ONE TT

The high-end time trial and triathlon tire

- Offers comfort and smoothness while riding due to souple construction
- Stands for maximum speed, lowest rolling resistance and minimum weight
- Real competition specialist (not made for training)
- Record Edition: Specially designed for top speeds thanks to Schwalbe's fastest compound (for special wheel sizes, 28-406 and 28-559)

BEST USE Time Trail

Note: To save weight and optimize rolling resistance, the Pro One TT does not have puncture protection. Therefore, like all Schwalbe TLE tires, it must always be used with the appropriate amount of tubeless sealant. TT stands for Time Trial
