# DESTROY. RESET. IMPROVE. THE ASSOS DIFFERENCE.

When you select ASSOS, you don't pay for the single meter of fabric, the 30 grams of accessories, the multiple hours of sewing, or the four hands-on quality control checks.

You're investing in a daily obsessive desire to destroy, reset, and improve. The hundred thousand hours put into the engineering and development of an entire collection.

More than five years and up to 80 prototypes per product in order to bring you the optimum in fit, function, and comfort.

ASSOS Custom product features the same constructions, textiles, and fits as our inline offerings, ensuring the highest quality and dependable performance you expect from ASSOS.
