February 2, 2026

Dear Cedar Hills Families,

We want to inform you of a recent notice we received regarding the water source for our school. Kingman Travel Center (Petro), which supplies water to Cedar Hills School, has notified us that their most recent test results show the arsenic MCL level is slightly above the state-required limit. As part of their legal obligation, the Arizona Department of Environmental Quality requires them to notify all users, including our school.

Although our water comes from the Kingman Travel Center, we want to reassure you that Cedar Hills School has taken additional steps to ensure the safety of our students and staff. We have had the water at our school site independently tested, and we use filtration systems at all points where students consume water. These systems ensure that the water available on campus meets state standards.

The safety and well-being of our students and staff remain our highest priority. If you have any questions or would like more information, please stop by the school office. We are happy to address any concerns and provide clarification.

Thank you for your continued support.

Sincerely,

A handwritten signature in blue ink, appearing to read "Christina Ramirez".

Christina Ramirez

Superintendent

Cedar Hills School District
