EXPLANATORY NOTES

- 1. Some words in the SRod were added in brackets [] by the author (V.T. Houteff). The Editor of this Index also added key words in braces {} to most of the sentences, so they could be located elsewhere much faster.
- 2. If a typographical error is found in any sentence, it was unintentional and accidental. Please notify the Editor, and it will be corrected for the next printing.
- 3. The Index was printed in sections for three volumes, which split some keyword quotations. This left spacing at the end for our corrections and for your notes.
