

We founded Thesauros Consulting for God's people, and that includes you.

Having experience as financial practitioners and serving in church boards for many years, our purpose is to build a culture of godly stewardship in God's churches and his people.

In our churches we have many people who have the heart for serving our Lord with their time, talents, and treasure but only few have the knowledge and skill to execute it well.

Thesauros Tailored Solutions guide individuals and families to set financial goals and plans for the future, through a Christian worldview.

This is not a task that we take lightly, because we believe that planning and budgeting is the most important first step in everyone's calling to steward God's resources for his glory.

We invite you to take this exciting journey of transforming your heart and desire for godly stewardship into a practical reality.
