

Coach,

It is my pleasure to recommend Eve Hoehl for consideration in your collegiate hockey program. I had the privilege of coaching Eve during the 2024–2025 season with Fox Motors Tier 1 U16 Women's Hockey, where she quickly established herself as one of the team's most dependable and driven players.

Eve is a tough, physical defenseman who thrives in competitive environments. She plays with a strong edge, uses her body effectively to win battles, and takes great pride in defending her zone. Her ability to combine physicality with poise and intelligent decision-making sets her apart. Eve reads the play exceptionally well, maintains strong gap control, and consistently makes smart outlet passes that transition our team from defense to offense efficiently, while also having the ability to lead the rush carrying the puck when the opportunity presents itself.

Equally important, Eve is a natural leader both on and off the ice. She leads by example every day — through her work ethic, discipline, and positive influence in the locker room. Her commitment to continuous improvement, attention to detail, and willingness to put the team first make her a player that any coach would value. Eve's character and leadership qualities have earned her the respect of both her teammates and the coaching staff.

I have no doubt that Eve will be an outstanding addition to any college program. She has the physical tools, hockey IQ, and mental toughness to succeed at the next level, along with the maturity and integrity that make her a great teammate and leader.

Please feel free to contact me if you would like any further information about Eve's development, skill set, or character.

Matt Albers

Assistant Coach, Fox Motors U16 Tier 1
