

To whom it may concern

In regards to Eve Hoehl, that I've known for the last 3 years as her high school hockey coach.

As her coach I've witnessed the work ethic paired with self esteem values, clearly possessed at a high level, both traits have become more evident as Eve progressed.

Over the past years, Eve has developed a set of leadership and sportsmanship qualities, especially elected to wear the C of an all woman's AAA hockey team - Windy City Storm.

Always greeted with a smile as well as a conversation, relaxed character and a positive attitude within her presence, the future will be fulfilling and prosperous.

Respectfully yours,
