Amazon
LEGEND

A photograph of three people in a small aluminum boat on a river. One person is standing and fishing, another is sitting and fishing, and a third is sitting at the back near the outboard motor. The background is a dense forest on a hillside.

**Surprise yourself with the
best of sport fishing in the
Amazon!**

A sport fishing operation,
made from fisherman to fisherman,
where we cherish the experience of a privi-
leged and exclusive fishery.
The Legend was built to operate under the
most extreme conditions in the Amazon.
The low draft provides reach in places
where traditional hotel boats do not arrive.

Come live this exceptional experience!
