Are Health Care Benefits Intended for Veterans Being Used to Benefit Illegal Immigrants?

Summary: The article discusses concerns over VA resources being used for healthcare services for illegal immigrants, potentially affecting veterans' access to timely care. An interagency agreement between the VA and ICE processes medical claims for illegal immigrant patients, funded by ICE. Former VA advisers expressed surprise at this allocation, emphasizing the need to prioritize veterans' healthcare. Critics argue that this diverts resources from veterans, evident in reported backlogs and strain on the Community Care Network. With significant ICE funding to the VA for immigrant care, questions arise about resource allocation and impact on veterans' services amid increasing demands on federal resources.

Mid-Atlantic Summit for U.S. Global Coalition

The Mid-Atlantic Summit for U.S. Global Coalition was held at the Hotel DuPont in Wilmington on April 26th.

During the event, foreign policy experts, elected officials, and others addressed diplomacy, development, and democracy; and, the value of these ideals to the national and economic security of communities across the mid-Atlantic region.

MOAA members (see photos) attended the event along with U.S. Senators (DE) Tom Carper and Chris Coons, U.S. Rep (DE) Lisa Blunt-Rochester, Lt Gov. Bethany Hall-Long, DE National Guard Adjutant General MG Michael Berry, and other dignitaries from the U.S. and abroad.

Plenaries included topics on “Investing in Africa’s Economic Security,” “Foreign Policy Trends to Watch,” “Combating Climate Change,” and “A New Model: Tackling the Global Food Security Crisis.”

April Meeting Recap With Featured Guest “Dolly”

We had a well-disciplined guest “speaker” at our April meeting, who surely held our interest throughout her presentation.

“Dolly,” a nine-year-old Hungarian Vizsla, clearly showed us the benefits of a therapy dog, and exhibited model behavior!

Her handler/BFF, our own Chapter President Gene Thornton, highlighted the functions of a therapy dog; and explained the differences between service animals, therapy animals, emotional support animals, and working animals. For those of Dolly’s functionality, it’s fair to say “man’s/woman’s best friend” is a severe understatement, given the unique rewards that these amazing dogs/friends provide.
