INTRODUCTION

GUIDANCE, INSIGHT & INSPIRATION AT YOUR FINGER TIPS

Your cards need not be special, any deck of playing cards will do but I do recommend you using a brand new deck. This will allow you to imprint your energy to the deck forming an intentional link for insight and guidance.

Immediately after opening your deck begin shuffling the cards making sure to touch each card in the deck. As you shuffle your new power cards visualize these cards as a direct link to your Soul and Guides for communication and guidance.

Storage:

Wrap your cards in a piece of fabric that feels good to you.

Along with your cards I encourage you to include things that feel good to you or that you love. This could include photos of loved ones, crystals, jewelry, etc. These cards are for your use only.

Unlocking Your Power

Using your cards on a daily basis will help make receiving support easier. Each day pick up your cards and as you shuffle ask:

"What Insight, Guidance, or Inspiration do I need to receive today?"

Close your eyes, fan out the cards and pick ONE card. This is your focus for the day. If you have a specific issue or question you are needing guidance for, ask your question as you shuffle and instead of one card choose up to THREE. Choosing three cards will tell the entire story and give you more information.

Have fun with your cards but most importantly use them to UNLOCK THE POWER INSIDE YOURSELF to guide your path in life.
