

## **CHILDREN**

Your family may not be together when disaster strikes, so it is important to plan how you will contact one another and what you will do in different situations.

### **What Your Children Need to Know:**

How to dial 911 for emergency assistance.

Your name, phone number and address.

How to reach your parents and other family members.

Contact information for the family's out-of-state contact.

How to make long-distance telephone calls.
