RETURN POLICY

If you decide that one of our trolling motor mounts will not work on your boat after receiving it, you can return it for a full refund with the stipulations listed below:

- The order must be returned within 14 days of receiving one of our products.
- When we receive the returned product, we will inspect it for any installation markings, scratches, dings, missing parts, or any other circumstance where we would not be able to resell the product.
- If for any reason we feel the product that is returned is not saleable as received. We will replace any missing or damaged parts and deduct the cost of those items and labor to install them from the money that is returned to the original purchaser.
- To ensure you receive the best product available, we take photographs of all products when they leave our facility to be shipped to our customers.
- All refunds will be issued as quickly as possible once the product has been received and reviewed by PT Fishing Corp.
