THE NEW CRUSADERS CHARTER

Mission:
We are concerned and partisan men and women banded together to form a Knight Order dedicated to gathering other Crusaders to help in sending the message to elected officials that they are at War against a takeover of the American Republic by religious ideology. We the Modern Patriotic Knights work diligently to update the public with pertinent current events worldwide that go against our creed to furthering the statutes of the Judeo-Christian Faith and the defense of The American Homeland and the Holy State of Israel and its allies. We are not religious zealots but, merely concerned individuals with a mission of protecting our freedoms and rights.

Knights of the medieval era were asked to "Protect the weak, defenseless, helpless, and fight for the general welfare of all." Modern knighthoods are typically awarded in recognition for services rendered to society: services which are not necessarily martial in nature.

We as The New Crusaders are armed symbolically to do battle against all forms of evil-injustice, racism, and intolerance, terrorism in all forms, genocide in all shapes and pretexts and oppression. This Order of Knights will work diligently to have a strong political impact on pending and future legislation as well as political outcomes within the Americas and across the globe.
