The Year of the Fire Horse: Chinese Lunar Year 4724

Ocean Palace Houston

The Honorary Gala Chair Message

Dear Chinese Professional Club members and friends,

Welcome to the 76th Chinese Professional Club's (CPC) Anniversary and Scholarship Awards Banquet. As we celebrate the Year of the Horse, I wish each of you good health, joy and prosperity!

It has been a privilege to serve as the Honorary Chair for this year's Banquet! As always, many hours of work have been expended to plan and execute this event. Let me thank Philip and Chen Sun for their many hours of labor and the Scholarship Committee for its laborious task of selecting the scholarship awardees.

The CPC is the oldest Chinese organization founded in Houston and has developed a reputation for excellence and supporting one of the basic values of our heritage and culture: EDUCATION. The CPC has awarded \$1,118,900.00 in scholarships to outstanding Chinese students. I wish this year's recipients success as they continue their education and make significant contributions to our state and nation.

Enjoy the food, fellowship and program. Gong Hay Fat Chow!

Best regards,

A handwritten signature in black ink that reads "Martha Wong". The signature is written in a cursive, flowing style.

CPC Fund Inc, President's Message

Happy Chinese New Year. This is 2026 and in the Chinese Lunar Calendar 4724, the Year of the Horse. This celebration marks the 76th anniversary of the CPC. We are, of course the oldest Chinese and Asian organization in Houston. Enshrined in our By-Laws is the Mission:

1. Professional - To improve the professional knowledge and business skills of the members through periodic seminars, lectures, and round-table discussions.
2. Service - To promote the general welfare of the community through raising of funds for scholarships and through other activities.
3. Fellowship - To advance the mutual understanding and social enjoyment of the members through regular social gatherings.

Last year we celebrated the many volunteers who have sustained the CPC and those who have created and sponsored the Named Endowed Scholarships.

Tonight, we celebrate a very special evening with our Keynote Speaker being Dr. James Tour who has almost unimaginable achievements in science and the applications of technology. In addition, his devotion to God and his faith speak to a humanity to which we all hope to aspire.

In addition, we are celebrating 25 students of remarkable achievement and their promise to bring us an even brighter future. Tonight, we will have awarded 591 scholarships since 1979, and \$1,118,900. Quite a remarkable accomplishment for a 100% volunteer organization and the individual donations that have made this possible.

Finally, the evening, entertainment is composed of several of the Scholarship winners and the daughter of a previous winner. We hope and trust the recipients of the awards tonight will remember the hard work, individual generosity, and this organization and return in future years to contribute to the Mission, a Mission that was worthwhile when formed and still relevant today.

Thank you for your generosity of time, money and spirit for joining us this evening.

A handwritten signature in black ink, appearing to read 'Philip Patrick Sun', written in a cursive style.

Philip Patrick Sun, Trustee and President

The Butterfly Lovers' Violin Concerto (梁祝小提琴协奏曲) composed in 1959 by He Zhanhao (1933-) and Chen Gang (1935-) while they were students at the Shanghai Conservatory of Music. The concerto tells the story of two lovers, Liang Shanbo and Zhu Yingtai, and is based on a classic Chinese love story often compared to *Romeo and Juliet*

Hannah Li

Dancing Violets for Roses

Introducing The Keynote Speaker - Dr. Anne Chao

Anne S. Chao is a modern Chinese historian and a community volunteer. She graduated from Wellesley College and obtained her PhD in modern Chinese history at Rice University. Her current titles are Adjunct Lecturer in the Humanities and Manager of the Houston Asian American Archive (HAAA), at Rice. She founded HAAA fifteen years ago and is currently researching for her book on the founder of the Chinese Communist Party, Chen Duxiu.

Anne sits on the board of the Museum of Fine Arts Houston, the Houston Ballet, the Dunhuang Foundation, the National Archives Foundation, and Wellesley College among others. She is the co-founder of the Friends of the National Asian Pacific American Museum.

The Keynote Speaker - Dr. James Tour

Professor James Tour is the T. T. and W. F. Chao Professor of Chemistry, a Professor of Computer Science, and a Professor of Materials Science and Nanoengineering at Rice University in Houston, Texas.

Professor Tour has over 850 research publications, over 150 granted patents, and over 100 pending patents. His h-index is 181, with total citations over 150,000. He is a member of the National Academy of Engineering, the National Academy of Inventors, and a Fellow of the Royal Society of Chemistry. His research group works in materials science, energy, medicine, electronics, and single-molecule nanomachines.

He founded 17 companies based on his academic research, three of which are now public companies.

In addition, he has an active social media presence, @drjamestour, spanning YouTube, Instagram, TikTok, Rumble, Facebook, X, and LinkedIn. In 2025, his content received 50 million views, covering topics in science, faith, and the origin of life. For 10 years,

Professor Tour led weekly Bible studies in the living units of maximum-security prisons. He has been teaching a weekly Bible study to college students for the past 27 years, and he and his wife, Shireen, have served about 75 meals to students each week in their home during that time. They also distribute dozens of weekly meals to local cancer patients residing in church facilities and to elderly shut-ins in Houston.

The Golden Service Award Elizabeth and James Tang

On behalf of my wife Elizabeth and myself, I would like to thank the CPC Fund Inc. Board and Advisors, and the CPC Executive Committee, for awarding us with the Golden Service Award. This is a great honor for us and we are deeply grateful for this recognition. Being members of the Chinese Professional Club for many years has really meant a lot to both of us. We cherish fond memories of the many activities we have participated in with CPC and the wonderful people we have met through CPC, among whom are many of our dearest and closest friends. We are most proud to be members of CPC and thank you all for this honor.

Iris Shen
沈笑

The Mitchell and Priscilla Lou Scholarship

Iris Shen is a senior at The Woodlands College Park High School in The Woodlands, Texas. Interested in oncology and animal science, her research on marine clams as leukemia models has been awarded 4th place at the Regeneron International Science and Engineering Fair. She has been named a Top 40 Regeneron Science Talent Search finalist and hosts STEM workshops at local middle schools. Outside of STEM, Iris is an artist whose work has been auctioned to raise funds for the Houston Livestock Show and Rodeo's Educational Fund.

School: The Woodlands College Park High School
GPA: 4.0

SAT: 1590
Major: Biology

Eric Zhang
張開翔

The Sui S. and Pearl Tang Memorial Scholarship

Eric Zhang is a senior at Seven Lakes High School. He is a 6x AIME qualifier, a 50+ Science Olympiad top medalist, a National Merit Semifinalist, and more. He enjoys coaching elementary and middle school Math and Science Teams. He volunteers and teaches for the StemJUMP nonprofit and also serves as their Vice President of Technology. He is also the Vice President of his school's NHS chapter and a captain of the Science Olympiad team, and he's excited to stay deeply involved in service and STEM initiatives throughout college and beyond.

School: Seven Lakes High School
GPA: 4.0

SAT: 1590
Major: Mathematics

Emma Xi
奚海悦

The Patrick Pichi Sun & May-Lan Chew Sun Scholarship

Emma Xi is a senior at DeBakey High School in Houston, Texas. Working with immunocompromised cancer patients since she was 10 years old, Emma became deeply interested in immunology, leading to her 3-year research internship at Rice University. She's presented at 2 international conferences and published in the Viruses journal. Aside from biochemistry, Emma leads a VEX robotics team that's a 3-time World championship qualifier. In her free time, she loves coaching badminton to spunky middle schoolers and winning against her cousins in mahjong!

School: DeBakey HS for the Health Professions
GPA: 4.0

SAT: 1560
Major: Biochemistry

The 2026 CPC Scholarship Recipients

Jane Ni
倪語恩

The Annabella Cheng Memorial Scholarship

Jane Ni is a senior at The Woodlands High School in The Woodlands, Texas where she pursues her interest in neuroscience through community interaction. As a mental health advocate, she initiates fundraisers through nonprofit organizations. Additionally, she aims to bridge the gap in underprivileged communities through organizing donation drives to local homeless organizations and volunteering with refugee students in Houston. Academically, Jane has also conducted research in treating proteins associated with cancer and GMO modification.

School: The Woodlands High School
GPA: 3.96

SAT: 1510
Major: Neuroscience

Ella Wang
舒佳欣

The Professor Daisy Ho Memorial Scholarship

Ella Wang is a senior at James E. Taylor High School in Katy, Texas, with aspirations to become a physician-scientist. She plans to major in Artificial Intelligence with a minor in Biosciences at Rice University, driven by a strong interest in the intersection of medicine and technology. Ella is a passionate tennis player, a 12-year pianist, and a dedicated community volunteer. She is a National Merit Scholarship Semifinalist, an Academic All-State Elite student, and an award-winning poet.

School: James E. Taylor High School
GPA: 4.0

SAT: 1560
Major: AI field in Medicine

Caden Albright
韓貴龍

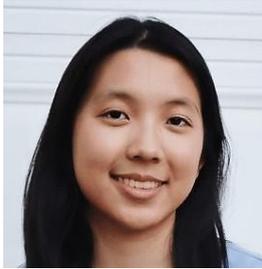

The C.C. and Elsie Huang Scholarship

Caden Albright is a National Merit Semifinalist and senior at The John Cooper School, heading to Stanford University in the fall. A musician who received Grammy ballot recognition for his single, Caden founded The Harmony Project, an organization bringing volunteer musicians into local hospitals. He is also Math Club President, Interact's Senior Ambassador, and an avid cross-country runner. As Student Body Service & Social Chair, Caden led Cooper's efforts in raising over \$13,500 for the Montgomery County Food Bank. Thank you again for this honor! I look forward to attending the CPC gala.

School: The John Cooper High School
GPA: 3.97

SAT: 1550
Major: Management Science

The 2026 CPC Scholarship Recipients

Miranda Wang
王海敏

The Cecil and Betty Fong Community Services Scholarship

Miranda Wang is a senior at Bellaire High School passionate about biomedical engineering and medicine. She has conducted Alzheimer's disease research at Baylor College of Medicine and serves as captain of her school's robotics team. As President of the Medical Club, she founded a mentorship program connecting medical students with high schoolers. Beyond STEM, she teaches crochet to patients as a form of art therapy and leads her school yearbook as Editor-in-Chief, driven by a commitment to empathy and impact.

School: Bellaire High School
GPA: 4.0

SAT: 1550
Major: Medicine

Grace Ding
丁可恩

The Dr. Shih Cheng Chang Memorial Scholarship

Grace Ding is a senior at Tompkins High School. A writer, organizer, and debater, Grace is interested in the intersections of education and civic engagement. Her work has been recognized by the Princeton Prize in Race Relations and the Yellow Rose of Texas for advancing racial equity and community-led education initiatives. Ultimately, she works to expand access to literature and amplify stories often excluded from classrooms and public discourse. In the future, she hopes to continue studying how education and policy can shape more inclusive communities.

School: Tompkins High School
GPA: 4.0

SAT: 1570
Major: Political or Computer Science

Roy Wang
王子允

The Henry Lau Memorial Scholarship

Roy Wang is a senior at Glenda Dawson High School in Pearland, Texas. His interests mainly revolve around engineering, particularly its potential to create a better world. He is a National Merit Finalist, a 2025 MIT THINK Semifinalist, and an FRC Dean's List Semifinalist for his robotics team Pearadox, where he is proud to lead design. Outside of STEM, he enjoys calisthenics, learning about history, and practicing his Spanish. He's glad to chat with anyone about these topics!

School: Glenda Dawson High School
GPA: 4.0

SAT: 1560
Major: Computer Science

The 2026 CPC Scholarship Recipients

Andrea Shi
施洛離

The Charles F. Chien, Viola Chien & Family Memorial Scholarship

Andrea “Andy” Shi is a senior at College Park High School. A passionate oil-painter and researcher, she advocates for the intersection of arts & sciences through STEAM programs like the ACE Mentor Program, earning first place, and the National Youth Science Research Expo, earning second. Further, she is president of her school’s Chinese Club and has received national recognition from the Scholastic Art Awards and DECA. In her free time, she loves to visit art museums and tinker with chemical creations.

School: The Woodlands College Park High School SAT: 1580
GPA: 3.97 Major: Science & Technology

Kevin Li
李天航

The Hanan Chan Memorial Scholarship

Kevin Li is a senior at Stephen F. Austin High School whose interests are in biotechnology, engineering, and epidemiology. He leads his school’s Science Olympiad team as co-president and recently presented about prions at the John Hopkins Global Health Leaders Conference. Kevin also volunteers at the Houston Food Bank and teaches children at Hua Xia Chinese School. In the future, Kevin plans to study biomedical engineering to research neurodegenerative diseases like Alzheimer’s. In his free time, Kevin enjoys playing badminton.

School: Stephen F. Austin High School SAT: 1560
GPA: 4.0 Major: Biochemical Engineering

Alyssa Jiang
蔣宇和

The Peter C.K. and Theresa Kwan Memorial Scholarship

Alyssa Jiang is a senior at Cinco Ranch High School. Fascinated by the intersection of economics and public policy, she is researching how funding cuts shape food access at the Houston Food Bank. She leads four campus organizations as president—Student Council, FBLA, Key Club, and Best Buddies—and serves as the Texas FBLA State Secretary. A Congressional Award Gold Medalist, Alyssa has earned multiple state writing honors and placed 4th nationally at FBLA. Outside of school, she enjoys practicing photography and playing volleyball.

School: Cinco Ranch High School SAT: 1550
GPA: 3.98 Major: Science or International Relations

Adeela Law
羅蓮寶

The Wally and Anne Joe Scholarship

Adeela Law is a senior at The Woodlands College Park High School. As an international DECA top tester and Vice Director of a statewide foreign language tutoring initiative, she is deeply interested in how business and service can intersect to create meaningful community impact. Adeela is also passionate about spreading cultural awareness, leading multiple cultural school clubs and projects that promote inclusion. In the future, Adeela hopes to work in economic development to support community growth and opportunity.

School: The Woodlands College Park High School SAT: 1570
GPA: 4.0 Major: Business

Aila Jiang
蔣暄妍

The Harry and Antje Gee Scholarship

Aila Jiang is a senior at the St. John's School. She empowers youth to advance equity for the special needs community through the inclusive play-and-learn programs she designs and leads. At school, Aila serves as an Editor-in-Chief of the newspaper, an officer on the Community Service Board, and chair of a mental health advocacy club. Interested in politics, ethics, and history, she plans to pursue law and public policy with a focus on disability rights. In her free time, Aila loves exploring Houston's diverse food scene with friends.

School: St. John's School SAT: 1570
GPA: 4.0 Major: Law

Hannah Li
李般若

CPC Scholarship

Hannah Li is a senior at Clements High School with a passion for economics, business and international relations. She is currently an officer for her school's Model United Nations and business clubs, and leads her teams at various competitions. In the future, she plans to craft monetary and fiscal policy for the government to maintain a stable economy and promote economic growth. In her free time she likes to dance and enjoys genres including jazz, contemporary, and hip hop.

School: Clements High School SAT: 1540
GPA: 3.96 Major: Business or Government Policy

The 2026 CPC Scholarship Recipients

Joshua Eng
伍揚恩

CPC Scholarship

Joshua Eng is a senior at Frisco High School who is passionate about real estate and promoting cultural awareness. He developed his passion for real estate through three internships, writing for Wharton's Real Estate Club, and founding a real estate startup. On campus, Joshua organized Frisco High's Multicultural Night and launched an initiative for year-round cultural celebration. In his free time, he enjoys spending time with family and friends. Joshua plans to continue pursuing his interests in college.

School: Frisco High School
GPA: 4.0

SAT: 1520
Major: Business

Andrea Dong
董語盈

CPC Scholarship

Andrea Dong is a senior at The Woodlands High School who is currently the president of a non-profit organization focused on promoting mental health awareness among Asian American adolescents. Aside from her advocacy, she is passionate about being involved in her Chinese community, whether that's through serving as an officer of her school's Chinese club or volunteering within her Chinese church's special needs program. In college, she is interested in studying the intersection of psychology and business.

School: The Woodlands High School
GPA: 3.95

SAT: 1460
Major: Psychology

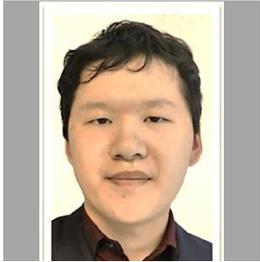

Olivia Zhang
張雲妮

CPC Scholarship

Olivia Zhang is a senior at Clements High School who balances academic excellence with professional ballet training. An internationally and nationally recognized dancer, she has earned top placements and awards at prestigious competitions. Inspired by the science of the human body and patient care, she will attend Dartmouth College on a pre-med track and pursue a career in anesthesiology. She is also developing a research paper exploring the intersection of artificial intelligence, dance performance, and injury prevention.

School: Clements High School
GPA: 3.96

SAT: 1520
Major: Medicine

CPC Scholarship

Elliot Tian is a senior at the Texas Academy of Mathematics and Science whose main interests lie in data science and operations research. He's conducted public health research at the University of North Texas and will be recognized at the university's Scholar's Day. At his school, he coordinates volunteering at his math club and is the technology director for the audiovisual team. Additionally, he's an Eagle Scout and has won several Scholastic Gold Keys for his creative writing.

Elliot Tian
田望

School: Texas Academy of Mathematics and Science
GPA: 3.91

SAT: 1580
Major: Data Science

CPC Scholarship

Sophie Zeng is a senior at George Ranch High School in Richmond, Texas, with a strong interest in finance, leadership, and community impact. She serves as the Texas Business Professionals of America State Secretary and previously represented Area 2, Region 2 as Regional President, leading conferences and statewide initiatives. Beyond BPA, Sophie is actively involved in student government, DECA, and service organizations, where she focuses on mentorship, advocacy, and creating access for under-resourced communities.

Sophie Zeng
曾梓宸

School: George Ranch High School
GPA: 4.0

SAT: 1450
Major: Business

The Yuen Ching Wong Memorial Financial Aid Scholarship

Angi Tong is a senior at Stephen F. Austin High School in Sugar Land. As a cellist in her school's Orchestra, she has used her passion for music to provide music therapy for seniors and children. She has won National History Day awards and has conducted research on EV transportation patterns in Houston. In her free time, she enjoys playing badminton and reading. She will be attending Rice University as a Political Science major and hopes to go to law school in the future.

Angi Tong
童安綺

School: Stephen F. Austin High School
GPA: 3.98

SAT: 1530
Major: Civil Engineering

The 2026 CPC Scholarship Recipients

Anni Tong
童安旋

CPC Financial Aid Scholarship

Anni Tong is a senior at Stephen F. Austin High School interested in civil and environmental engineering. She conducted sustainability research on the Eco-Cooler, an eco-friendly cooling method for communities without access to electricity, publishing her work in the Journal of Emerging Investigators. She also worked with a Rice University professor to analyze large-scale transportation mobility records and driving patterns among electric vehicle users, exploring sustainable infrastructure planning. In her free time, Anni enjoys making miniature crafts and playing the cello.

School: Stephen F. Austin High School
GPA: 3.98

SAT: 1520
Major: Civil Engineering

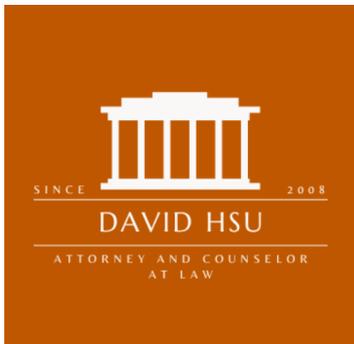

Audrey Huang
黄泳之

CPC Financial Aid Scholarship

Audrey Huang is a senior at the Kinder High School for the Performing and Visual Arts in Houston, Texas, where she studies classical piano. Her work in both academia and the arts has been recognized globally by the John Locke Institute and regionally by the Chopin Society of Houston and TMTA. Audrey enjoys scrapbooking and listening to Fleetwood Mac in her free time and plans to pursue a degree in public health while continuing her love for the arts.

School: Kinder HSPVA
GPA: 4.0

SAT: 1510
Major: Medicine (OB/GYN)
