A Primer in Workplace Well-being and Stress Management

Duration: 1 day
CPD Hours: 7.25
Format: Online & F2F
Fee: £130

Dr Aftab Laher

Consultant Clinical and Health Psychologist
Accredited Cognitive-Behavioural Psychotherapist

Overview

Workplace stress is complex concept which has been defined in terms of a continuum of work pressure, strain, burnout and ill-health. It can often be manifested in physical and mental health symptoms and disorders. Managing stress and well-being around work has received much attention over the last few decades, in the scientific literature, across the media, within government policy initiatives and in everyday life. This introductory workshop aims to increase your understanding of workplace stress and equip you with evidence-based strategies to assess and manage workplace stress and well-being at an individual, organisational and social level.
