

# DC POWER

## Technologies, Ltd.

**BATTERIES & CHARGERS** *for*  
**FORKLIFT, GROUND SUPPORT  
& AGV SOLUTIONS**

### THE DC POWER PROCESS...

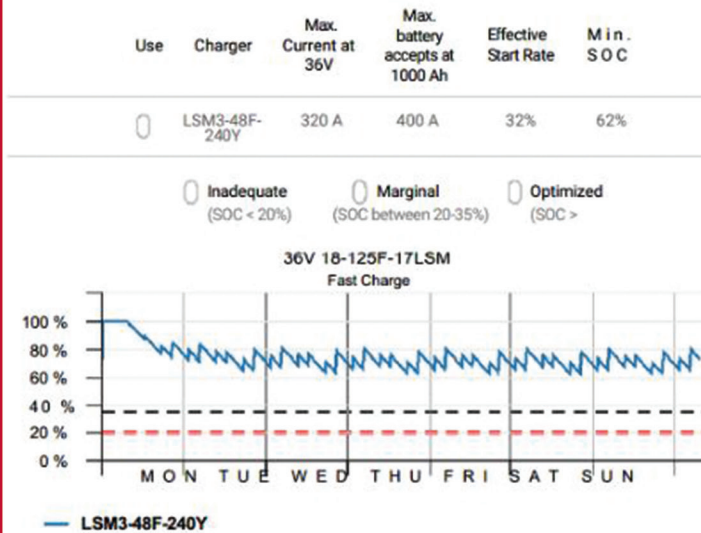

- Site Tests Measure Current Energy Needs & Work Schedule.
- Data Drives Size, Quantity and Battery Technology Options.
- Minimize Floor Space & Battery Changing Equipment.
- Actual Energy & Equipment Costs Yield Financial Justification.
- CAD Floorplan Drawings for Final Installation of Charge Areas.
- Charge Area Layout Includes Electrical, Plumbing and Ventilation.
- Electric and Ventilation Calculations and Coordination with Trades.

### DC POWER ENGINEERED SOLUTION WILL...

- Reduce Acquisition Costs.
- Reduce Installation, Repairs and Maintenance Costs.
- Increase Operating Efficiency, Worker Safety Product Reliability.

### STATE OF CHARGE PROJECTIONS

### SOLUTIONS FOR EVERY APPLICATION

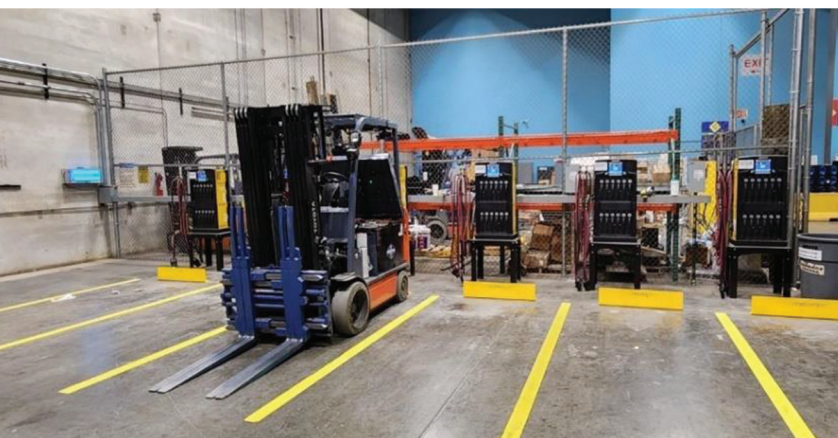

Lithium Ion or Lead Acid Batteries,  
Matched to High Efficiency,  
Smart Chargers.

Fast Charging And Opportunity  
Charging Eliminate Battery Changing,  
Greatly Improving Safety & Efficiency

### ONE BATTERY, ONE TRUCK

Saves Capex, Reduces Maintenance,  
and Improves Efficiency.

Internal Combustion - ICE - Electric  
Conversions Can Reduce Operating  
Costs by 30% and Help the  
Environment.

Technologies, Ltd.

## OUR PRODUCTS...

### **HAWKER** Powersource

Li3 Gen 3 Lithium Thin Plate  
Pure Lead Energy Plus Hi Perf  
PowerLine HD WaterLESS

*Hawker offers top rated Lead Acid and Lithium Ion for all applications  
Fast Charge – Opportunity Charge – Conventional – No Maintenance*

### **LIFE PLUS & LIFE SPEED SMART CHARGERS**

*Hawker Lifespeed and Lifeplus  
smart chargers that monitor  
the batteries state throughout  
the charge*

### **DATA COLLECTION & MANAGEMENT**

*Remote battery and fleet  
monitoring devices*

### **ETERNITY TECHNOLOGIES**

*Advanced high energy density  
design with extended watering  
intervals from  
Eternity Technologies*

### **CHARGING TECHNOLOGIES INC.**

*Complementary Operating  
Accessories Also Available*

*HF modular smart chargers  
from Charging Technologies*
