

Uncompahgre Collapsible Pack Stove Assembly Instructions

www.coloradocylinderstoves.com

Step 1: Remove contents from package

Step 4: Locate chain on top of the fire box and insert the pin into the pin holes to attach the front and back door to the fire box.

Step 2: Unfold pack stove

Step 5: Pull legs out until stove is set level and rigid.

Step 3: Lift up center panel at both ends of stove until it forms into a box shape. Fold up the front door and back sections to meet the ends of the box.

Step 6: Locate stove pipe damper and insert into center piece of stove pipe. Insert the crimped end of the pipe into stove top hole, and stack subsequent pipe accordingly. Hand form the mesh spark arrestor and place it on top of stack.
