

## **Paint Your School Colors With Ease**

Last week we featured one of our newest products for your school, logo furniture. We trust you had an opportunity to review this new, unique product. If you did not have an opportunity to take a look at it you might want to check it out.

This week we are introducing a product that every school uses, field marking paint. We are aware that not all of you are responsible for ordering paint but if you are please consider this paint from US Specialty Coatings. US Specialty has been in business over thirty years providing soccer, football and golf marking paints. They also make field stencils and sell spray machines.

Their DuraStripe Paint features the highest solids and the lowest VOC's of any paint in its class so it provides thick, even coverage. Whether you use aerosol cans or purchase by the five gallon bucket we can supply. If you would like a sample to compare with the paint you currently use we would be happy to supply.

As always, if you would like to sit down and discuss this opportunity, please e-mail Emily at [emily@howelltosports.com](mailto:emily@howelltosports.com) and she will respond quickly. Or, please call or e-mail me at 856-381-8888 or [ed@howelltosports.com](mailto:ed@howelltosports.com).
