

Providing You With Everything You Need

Thank you for opening our latest newsletter. In this weeks' newsletters we point you toward some interesting articles and introduce you to some of our products that you may not realize we can supply. We hope these articles are useful to you and that you can pass them on to your coaches.

[The first article introduces you to a south jersey athlete making good.](#)

[Our second article stresses the importance of NOT focusing on one sport to the exclusion of all others.](#)

[The third article talks about the importance of play.](#)

[Howell To Sports](#) began in the athletic facility equipment market about eight years ago. Our initial product was Electro-Mech Scoreboards. We thank all of you who trusted us and purchased from us, even though it was not a big name. We hope you were satisfied with our service and product.

Since that beginning we have added several new products to our list, such as:

- **Boostr Digital Display scorer's table**
- **Vantage video displays**
- **Grand Slam Safety fencing**

- **Field stencils, marking paint and soccer field equipment**
- **School logo furniture**
- **The Athletic Connection catalog (similar to BSN and JayPro)**
- **TrueBounce backboards**
- **SafeSoccer goals and retro fit kits**
- **Aer-Flo windscreens and turf covers**

So, if you are considering the purchase of any of this equipment for the 2018-2019 school year we would welcome the opportunity to supply you with a quote. Better yet, we would love to schedule a meeting to discuss our offerings and how we might assist your program.

Finally, we hope you read the articles we included in this newsletter and pass them on to your coaches. Thanks again for your support and readership.
