TOUCHWALL
### Interactive Hall of Fame

TouchPros

TOUCHWALL SOFTWARE

The TouchWall empowers schools to maintain their halls of fame without restrictions. No more running out of space to hang this season's champions and no more cost in highlighting excellence. Through a simple web administrative tool -- sports, players and teams are updated without technical knowledge.

The software provides an elegant experience for school visitors. Browsing team and player achievements, rich photos and content depict glories past. Visitors can search for hall of fame inductees via last name, graduation years and sports participation. With the video option, inductees come to life in high-definition video. Another option for the software allows mobile access to the hall of fame on iPad, iPhone and Android devices to extend the experience beyond school borders.

With a TouchPros TouchWall, any of the sections can be modified to suit your own school preferences. Contact us today for a live demonstration.

TOUCHWALL DISPLAYS

We offer a variety of touchscreen display sizes that fit perfectly in school settings. Screen sizes include 22-, 32-, 42-, 55- and 70-inch options. All screens include the following:

- Professional-grade hardware including tempered touchscreen glass to withstand the rigors of public use.

- Thin (<4" mounted) design attractive and compliant with ADA and IBC protrusion requirements.

- Three-year standard warranty with optional two-year extended warranty. On-site advance replacement exchange options available.

- Vibrant 1080p (full high-definition) resolution.

- Built-in speakers for stereo sound.

- Single- and multi-touch display options available.

- Wall mount or directory stand ready. Flexible mounting in portrait, landscape and table-top orientation.

- Remote management capability for device hardware with support for future cloud applications.

- Optional on-board computer for an integrated solution.

All touchscreen displays are in stock and ready to ship today.

TOUCHWALL FEATURES

TouchWall Software

Providing all that you need in an easy-to-use software program, our standard software package includes the following:

- Semi-custom design complete with your school colors, logo and background images.

- Home screen with slideshow images for current teams, promotions or any other images desired.

- Background archive for turning images on or off seasonally.

- Search by team or athletes by last name, sport and graduation year.

- Rich profile pages for athletes and teams with photo, biography and list of accomplishments.

- Content management system protected by a user name and password allowing real-time updates of all content by school personnel.

- Initial setup and training.

TouchWall Hardware

TouchPros touchscreens are made for high traffic environments. Each screen and computer come standard with a three-year manufacturer's warranty. Extended and next-business day replacement warranties are available upon request with our annual hardware service agreement.

Five touchscreen sizes including:
22-inch touchscreen with built-in computer
32-inch touchscreen with built-in computer
42-inch touchscreen with built-in computer
55-inch touchscreen with built-in computer
70-inch touchscreen with built-in computer

TOUCHWALL EXTRAS

Annual Hosting

Share your TouchWall with school supporters anywhere in the world with our annual hosting. A dedicated web address that can be viewed on any mobile device, tablet or personal computer connects the hall of fame to off-site viewers. In addition, 24/7 monitoring, nightly backups of all information and all software upgrades are standard features.

Annual Hardware Service Agreement

Phone, remote and on-site hardware service for your TouchWall. Next day advance replacement of any defective hardware is included in this agreement.

Custom Tab Options

Display content your way with a custom tab. Schools have previously added activities (non-athletic), coaches and distinguished alumni as common add-on examples. There is no limit to the options available with a TouchWall.

Calendar Integration

Direct integration with common school calendar applications. Information from the calendars populate directly to the TouchWall without double entry.

Content Import

Have TouchPros set up your TouchWall with one of our options for content creation. We can import all of your text content, scan and upload photos, or handle any unique content requirements.

Video Capability

Video content may be uploaded and displayed with athlete, team and any custom tab options on any profiles using the content management system.

Installation

Professional installation of the TouchWall by the TouchPros team. Includes wall mount and on-site installation.
