MAKE IT OFFICIAL™

## Score Outside the Box

Control your on-field or on-court scoreboard at your next game without the score box.

## Control Your Scoreboard

Launch the easy-to-use app that gives you intuitive control of your scoreboard from your mobile device.

Tapping on the digit directly tallies up, swipe down on digit to make a correction. Utilize the larger screen of a tablet and realize even more ease with one-touch scoring areas!

## Connect With Everyone

Share game status with a widget that you can add to your website. Now fans anywhere can follow the progress of the game - live!

## Enjoy The Game

The game counts. Make it official. Baseball, softball, football, basketball, football, hockey and more available now in one tidy app synced via Bluetooth from your mobile device to a powered SingleScore converter.

## Sit Where You Like

Stay within Bluetooth range of your converter and sit with your fans in the stands.

Thanks for keeping the score for all to follow!

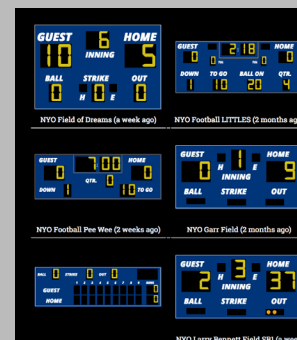

SingleScore App

## Input Team Names on App

Have you ever asked yourself who is HOME and who is GUEST? Simply change by holding down on Title and fill in your team names.

## Engage Dashboard View

Using cell or wifi connection, view and share your board individually or multiple boards in a live presentation, reviewing status of games or help run tournaments.

## Set It and Forget It

Imagine not having to set out and put back your score box daily.

Give yourself the ability to step in range of your Converter installed outdoors in a weather tight plastic enclosure and leave on year round waiting for the next game.

## Get In Control Of Your Scoreboard And The Game

Within SETTINGS of your app you can diagnose the health of each digit, find and set wireless channel, and pre-configure benchmark timing.
