

A Simple way  
to your *Smart Home!*

**WOZART**  
Invent Tomorrow

Smart Devices. Connected living.

# About Wozart

Wozart is the most advanced wireless smart home automation solution in India. It is retrofittable and modular, making it a perfect system for automating anything from a single room to complete building. Wozart provides a holistic smart home experience without the need for any expensive renovations to your home.

Wozart has been honored with prestigious awards and recognitions that validate its dedication to excellence and cutting-edge technology. The following are a few of Wozart's notable achievements

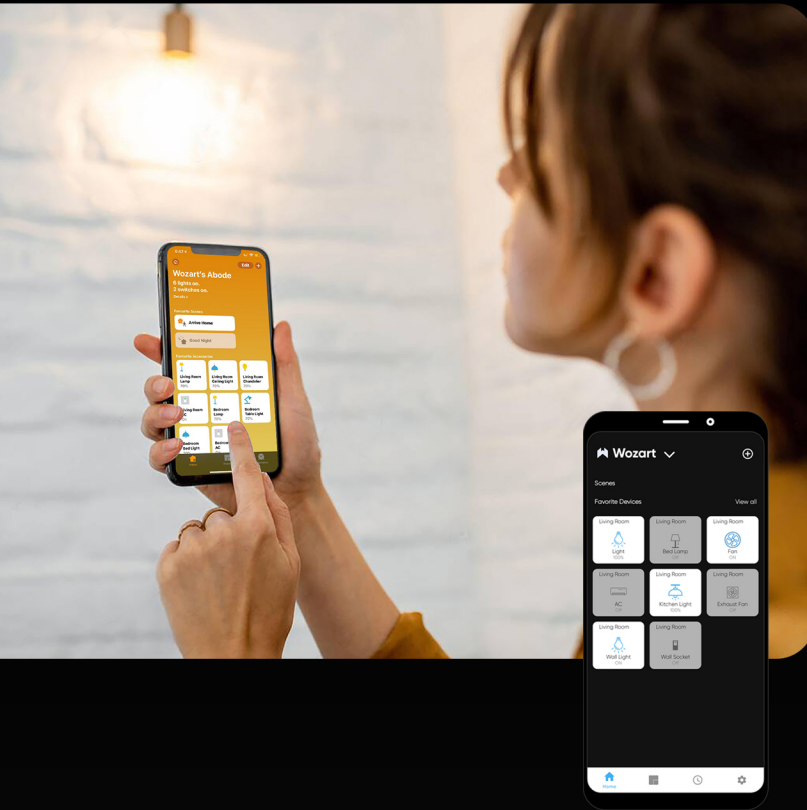

# Experience Wozart

Wozart's extremely user-friendly and intuitive interface enables control, monitoring and automation of home appliances & lights using voice and app on all smart devices from just about anywhere in the world. Wozart responds to any device, be it a smart watch, television, laptop, speaker, or a refrigerator.

## REMOTE ACCESS

### Home control at your fingertips

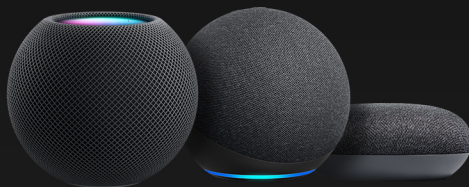

Control your home from your phone with Wozart app. Turn on or off your home appliances & lights from just about anywhere in the world. Now add, remove and automate your appliances & lights all from one single interface.

## VOICE CONTROL

### It's Magic

Say simple voice commands like "Turn off Lights" or "It's Bed time" & watch your home respond. Wozart devices work with your favourite voice assistants; Apple Siri, OK Google, Alexa & Bixby

Ok, turning off lights

## SCENE CONTROL

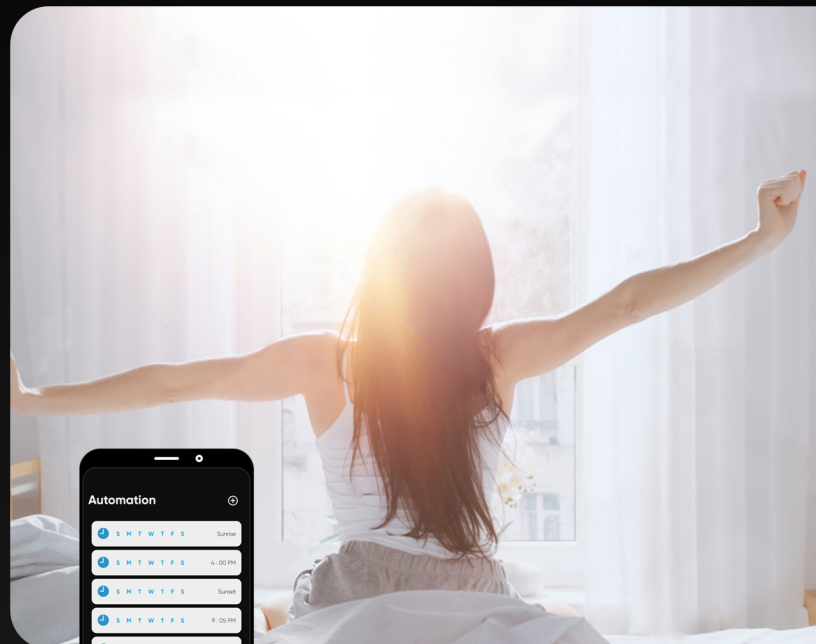

### Be a celebrated host

Wozart allows you to create scenes that control multiple appliances and lights with a single tap. You can create a scene named "Good Night" that turns off all lights, locks the door and set the AC to the right temperature. Be it a game night or a romantic dinner, craft inviting spaces that set the perfect mood with a single tap.

## AUTOMATION

### Wake to serene mornings

Wake to the natural light as your window shades let in the sun, water getting warm for your shower, music system plays your favourite tune and AC temperature is raised to a pleasant level. With Wozart, your home is on auto-pilot. Attend to more important activities while Wozart takes care of mundane tasks.

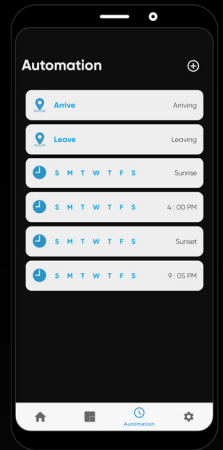

## GEO AWARE

### A special connection with your home

Your home can sense when you arrive or leave and prepare itself to your liking. Coming back from work, Wozart detects you approaching the home Via GPS, prepares your home with perfect light & temperature for you to unwind. The garage door opens and the walk-way lights are turned on to help you navigate.

**Many ways to  
access your home**

# Why Wozart?

## Wireless

Wozart works on wireless data communication protocols. With this technology you can add more devices anytime without any changes to your home.

## Modular

Be it a single appliance or a complete building automation, Wozart is perfect for you. The solution can be expanded gradually to your growing needs.

## Remote Access

With the mobile application & voice assistants, you can control & monitor your home from anywhere, anytime & using any device.

## Shared Access

Sharing the joy of smart living is as easy as sending an email. Invite family members & friends to access your home - all from the app.

## Compact & Durable

Wozart devices are crafted beautifully by our designers & fit seamlessly to your home architecture. They are built to last.

## Safe

Your privacy & data security is of most importance to us. All wireless communication & access to your home is protected using the highest level encryption using TLS protocols & secure cloud platforms.

## Easy to Install

Wozart's minimalistic design makes installation hassle free. Without having to change a thing, setting up the Wozart is as easy as it gets. No rewiring, No hassle.

## Plays well with others

Wozart products work with major smart home ecosystems giving you a greater choice. It is a complimentary system and ready to be integrated with other manufacturers hardware & software.

## Warranty

All Wozart product can be replaced in full for three years from date of purchase in case of damage or malfunction due to manufacturing defects.

## Wozart Switch Controller

Dimensions	: 58.5x85x20 mm
Wireless Protocol	: Wi-Fi IEEE 802.11b/g/n 2.4 GHz
No. of Controls	: 5
Supported Wattage	: 3 * 250 W & 2 * 1000 W

Wozart Switch Controller is a Wi-Fi enabled smart device that fits inside a switch box and enables control of five independent electrical appliances or circuits. Wozart Switch Controller can control connected loads using voice assistants, mobile app, through automation or via physical switches. Wozart Switch Controller can control 3 connected loads up to 250W and two loads up to 1000W.

## Wozart Switch Controller Pro

Dimensions	: 58.5x85x20 mm
Wireless Protocol	: Wi-Fi IEEE 802.11b/g/n 2.4 GHz
No. of Controls	: 4
Supported Wattage	: 3 * 150 W, 1 * Fan up to 150 W

Wozart Switch Controller Pro is a Wi-Fi enabled smart device that fits inside a switch box and enables control of three independent electrical appliances or circuits with a power up to 300W, a fan with 4-step speed control (Humming noise-free). Wozart Switch Controller Pro can control connected loads using voice assistants, mobile app, through automation or via physical switches.

## Wozart Switch Controller Mini

Dimensions	: 47x47x21 mm
Wireless Protocol	: Wi-Fi IEEE 802.11b/g/n 2.4 GHz
No. of Controls	: 2
Supported Wattage	: 2 * 150 W

Wozart Switch Controller Mini is a Wi-Fi enabled smart device that fits inside a switch box and enables control of two independent electrical appliances or circuits with a power output of up to 150W. Wozart Switch Controller Mini can control connected loads using voice assistants, mobile app, through automation or via physical switches.

## Wozart Dimmer

Wozart Dimmer is a Wi-Fi enabled smart device that fits inside a switch box and enables control of LED light intensity regulation (Smooth dimming) with both trailing & leading-edge lighting type up to 100W.

Dimensions	:	47x47x21 mm
Wireless Protocol	:	Wi-Fi IEEE 802.11b/g/n 2.4 GHz
No.of Controls	:	1
Supported Wattage	:	1 * 100 W

## Wozart Motor Controller

Wozart Motor Controller is designed to control any AC powered motorized curtain or blinds. It enables you to open & close your curtains using app interfaces, voice assistants or manually. Wozart Motor Controller can be integrated with other compatible devices giving you a seamless experience from sunrise to sunset.

Dimensions	:	47x47x21 mm
Wireless Protocol	:	Wi-Fi IEEE 802.11b/g/n 2.4 GHz

## Wozart LED Orchestrator

Wozart LED Orchestrator is a Wi-Fi smart device that is designed to control LED, RGB, RGBW strips. The device uses four PWM output signals for controlling LED, RGW, RGBW strips. Controlled devices may be powered by 12 -36V DC.

Dimensions	:	58.5x85x20 mm
Wireless Protocol	:	Wi-Fi IEEE 802.11b/g/n 2.4 GHz
Type of Controls	:	LED, RGB, RGBW strips

# Wozart Products

## Wozart Smart Plug

Wozart Smart Plug is a Wi-Fi enabled smart device that can be plugged into any 16A socket and control the connected electrical appliance with a rated power output up to 2400W.

Dimensions	:	76.5 x 50 x 69 mm
Wireless Protocol	:	Wi-Fi IEEE 802.11b/g/n 2.4 GHz
Supported Wattage	:	1 * 2400W

Variants:

**1000W**

**2400W**

## Wozart Universal IR

Wozart Universal IR is an IR remote controller capable of controlling all your remote-controlled appliances like TV, AC, Set-top box, music players and many more. It can set Air conditioner temperature to your preference, turn on TV, adjust the volume etc. all using your smart phone or voice.

Dimensions	:	110 x 42 x 20 mm
Wireless Protocol	:	Wi-Fi IEEE 802.11b/g/n 2.4 GHz
Type of sensors	:	IR blaster

## Wozart LED Driver

Wozart LED Driver is a Wi-Fi smart device that is designed to control tunable ceiling lights with intensity regulation (Smooth dimming). Equipped with triac-based dimming, Wozart LED driver allows seamless dimming of lights and color up to 60 watts, offering you the perfect ambiance for any occasion.

Dimensions	:	162 x 44 x 30 mm
Wireless Protocol	:	Wi-Fi IEEE 802.11b/g/n 2.4 GHz
Supported Wattage	:	1 * 60W

matter

&

**WOZART**  
Invent Tomorrow

Matter is an all-new advanced interoperability protocol developed and launched by automation powerhouses like Google, Apple, Samsung, and Amazon, among many others.

More than 550 companies from around the world came together to form the Connectivity Standards Alliance and committed themselves to develop an open standard for IoT.

The Matter Protocol is a new and improved smart home standard that will provide interoperability between different devices and brands in the smart home world. The protocol will allow smart home devices to communicate with each other in order to facilitate better user experience and overall functionality.

**Matter-compatible Wozart devices  
will be made available soon.**

# Fall deeper in love with your home

Eternally Connected. Incredibly Smart.
