

San Fernando Valley Iris Society

Scholarship Program, 2025-26

2 scholarships for \$1000 each will be awarded by the end of **November 2025** to support the next generation of plant biologists, landscape architects, or plant conservationists and encourage appreciation of iris in the environment.

CRITERIA: Applicants must be currently enrolled/or accepted by an appropriate certificate, undergraduate or graduate program in Plant Biology, Landscape Design, or be pursuing a certificate credential.

Selected awardees will be expected to work with the San Fernando Valley Iris Society (SFVIS) during the calendar year. Recipients will attend one in person meeting, and work at least one market sale activity. This is for the purpose of introducing awardees to the fellowship in SFVIS and to appreciate the work that SFVIS puts into iris appreciation.

Awardees are automatically given a free membership to SFVIS for one year.

Awards will be announced by EOB December 2025.

Letters of interest with statement of career goals, plus proof of enrollment should be sent to:

Marianne Davis at: m54wdavis@gmail.com

SFVIS is a nonprofit organization and scholarships are supported by donations.
