ALUMINIUM GATES

Alluminio by Entrance Supplies Direct LTD is an award winning aluminium gate & fencing specialist, offering premium gates made to order using the latest in manufacturing techniques.

Offering a huge range of choice for design and colour, our team can support your next project, recommending requirements from post installation to electric gate automation.

Require expert assistance, our in-house team of gate Engineers and surveyors can support you on your next project.

Why choose Alluminio Gates?

Made to order

Innovative & modern designs

Practical solutions & support

Ready for manual or automation requirements

Guaranteed against UV discolouration

Team of experts - Run by Engineers

Aluminium Collection

Farm 5 Bar

Traditional

Curved

Perspex & Glass

Flatop

Sloping

Laser cut

Numbers

Stainless

All our gate designs can be made into a swing or sliding aluminium system. We offer both manual or automated options

Aluminium

Join the trend with our aluminium gates, virtually maintenance free, offering a much longer life than traditional timber gates. No requirement to paint your gate again! Although aluminium can be more expensive in the short term than wooden gates, the cost of maintenance, and periodic replacement of timber gates mean that aluminium is the perfect choice for long term sustainability and appearance.

Benefits of choosing aluminium include

Corrosion Resistant

Scratch Resistant

Stain Resistant

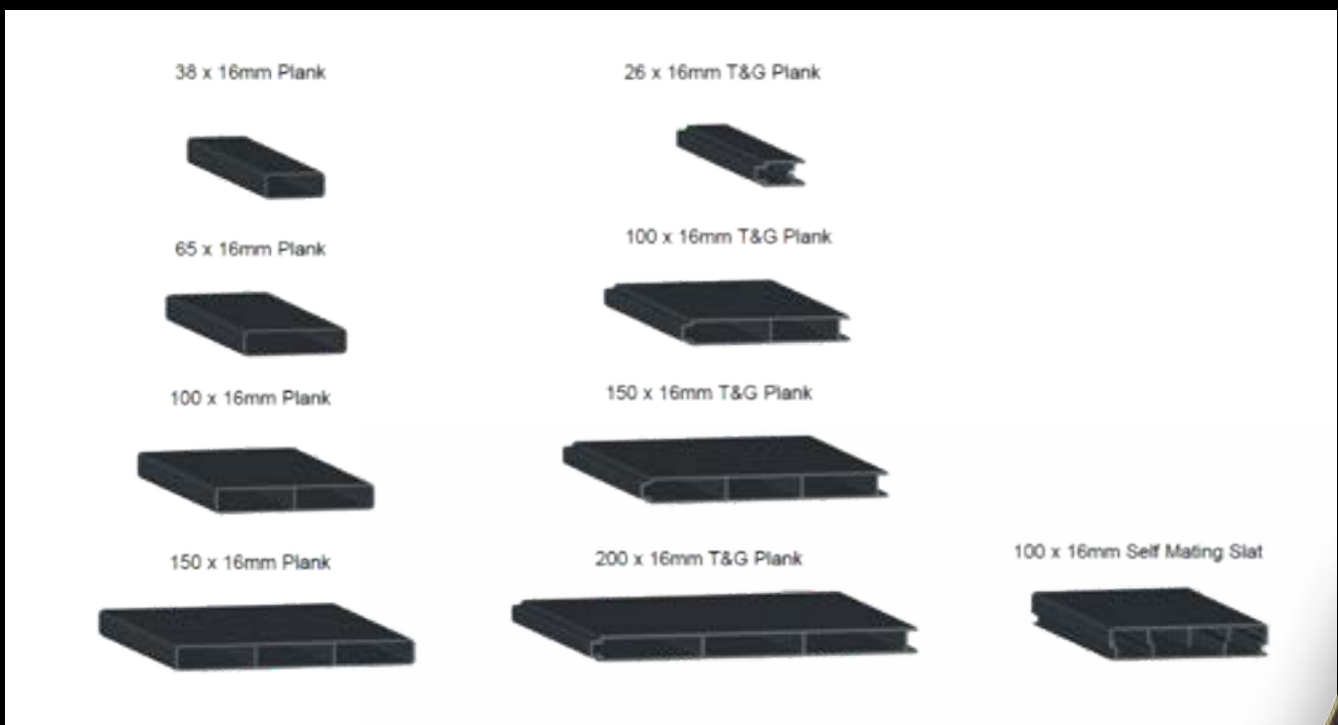

90% Recyclable

UV Stable

Frost Resistant

Periodically washing the gates with water will prolong the life and prevent any build-up of natural debris.

Should the gate become scratch, you can have peace of mind that it will not rust due to the amazing properties of aluminium. We can provide touch up paint if required or simply purchase our gate care package when you order the gate.

Fully boarded design using T&G with open air slats

Optional size boards and mullion's available

All our flat top designs can be made into swing, bi fold or sliding gates. Each design is custom made to your requirements, where we take into account the sizes of infill boards, direction and add on features you require for your new aluminium driveway gate.

Curved Gates

We offer a large selection of curved top gates.

Our luxury range includes popular designs in fully boarded or open top slatted.

We can mount our aluminium gates to brick walls or provide suitable aluminium gate posts.

Check out our website for more available designs, or give us a call and we would be happy to discuss suitable options with you.

All curved gates can be made for both swing and sliding gate requirements.

SCAN ME

Fencing

Aluminium fencing made to order.

Our fencing options are totally bespoke which means we can make our fencing and infill panels to suit your requirement.

Using all the same options as the gates, you can mix and match how the fencing is designed from solid panels, half panels and horizontal railings just like our Kingsway gate design.

We have specific fencing posts for end, corners and intermediate sections. All available as dug into the ground or bolt down to a wall.

Powdercoated to match the gates.

Aluminium infill panels to match the driveway gates

Our Side garden gates are all made to measure to fit you opening.

Ped gates come with our hybrid lock including keys.

Mounted to rebate posts and slam strip

Sloping driveway - We can make the gate to suit the slope to keep the bottom of the gate close to the ground.

All gates with slopes are manufacutered with additonal streghting bars internally to support any additonal loading on the gates.

We offer aluminium fencing in panel form or loose to make and cut on site. All fencing materials are to the same thickness and quailty as all gates.

We use any of our infill sections for fencing, there is alomost no limit on what we can design for you. Looking for somthing truley bespoke - We can help!
