# About Us

The Wamberal Beach Surf Life Saving Club is a dedicated volunteer organisation providing opportunities for family participation and life development, where each family member can find something of interest, regardless of age or ability.

We are dedicated to protecting beachgoers who frequent the beach providing an essential emergency service and enhance aquatic safety: providing surveillance, protection, medical assistance, and rescue services through beach patrols.

We have been carrying out this service to our local community since 1950. We have over 100 active members voluntarily patrolling the beach every weekend and public holidays during the months October through to April each year.
