

**Do you travel?** Yes! Travel expenses are additional.

**How do we do it?** The “how” happens with an amazing and talented group of individuals. With our aptitude for design and hard work, we get the job done! What sets you apart from other florists and event designers? We believe that there is a great difference between a traditional florist and wedding design. We do not offer packages because we believe that every event, big or small and regardless of budget, is unique. We cater to each of our clients by offering custom ideas that enhance your vision for your big day.

**How long have you been designing weddings and special events?** We have been designing and producing weddings and special events since 2007. We provide full production services; we take care of designing and producing your entire event space which includes florals, linen rentals, and all other aesthetic details.

**How do I know my investment is safe with you, and how do you distinguish yourself professionally?** We have been in business since 2007 and hold a valid business license and insurance policy. We have a positive reputation with all of our clients and wedding and event industry colleagues that we have worked with over the years.

**Do you have payment plans and do you accept credit cards?** Payment plans can be incorporated as monthly, bi-monthly, or whatever works best for you. All finalized details and payments are due no later than 2 months prior to your event to guarantee our production. An initial \$200 non-refundable retainer is required to secure your wedding date and to start the production of your event. We accept cash, check, or credit cards.

**How do we begin the process to meet with you to design our event?** The first thing we require is that you submit your Bridal Questionnaire so that we can have some details about your event and to verify our availability. After we receive your Bridal Questionnaire, we will contact you to schedule your complimentary consultation. During this meeting, we want to learn about you, your event, and to see if we are a good fit for you. We will also share some ideas that will fit your wedding style, wedding floral needs and budget.
