

DOUGLAS HIGHWAY RESURFACING & SIDEWALK REPAIRS - STAGE 2

Construction is anticipated to begin May 1, 2023 on the S. Douglas Highway. This two-season construction project will resurface the Douglas Highway from F Street (downtown Douglas) to MP 0.5 (700' South of Cordova Street). This project will also repair sidewalks and improve drainage along the project area and is expected to wrap up by the end of July 2024.

MAY 2023 - OCTOBER 2023

I street downtown to 700' South of Cordova Street

- Ditch reconditioning
- Rip Rap outfalls at culverts
- New culvert installations
- Culvert lining of existing culverts
- Soldier pile lagging wall stabilization
- Gravity block wall installations
- New curb, gutter, and sidewalks
- Paving spot repairs and full width repaving
- Interim traffic markings
- New signage

MAY 2024 - JULY 2024

F Street to I Street downtown

- New curb, gutter, and sidewalks
- Removal of old pavement
- New basecourse
- New pavement

Throughout the project there will be delays in the flow of traffic and it is anticipated that night work will be required for portions of the project. Construction contractor, Secon, will work to accommodate all road users.

As a reminder: please use caution when traveling in work zones. Watch for and follow directions from construction signs and flaggers when present throughout the construction zone.

Throughout construction please be advised of "NO PARKING" signage, as a significant amount of work is occurring on the sidewalks and existing parking lanes.

Visit the project website for more details.
