

CATHEDRAL ACADEMY at POMPEI receives \$3,998.00 Grant from the Dollar General Literacy Foundation to Support Youth Literacy Initiatives

[Syracuse, NY] – **October 10, 2020** –Dollar General Literacy Foundation recently awarded Cathedral Academy at Pompei a \$3,998.00 grant to support youth literacy initiatives. This local grant award is part of more than \$3 million in grants awarded this fall to nearly 760 nonprofit organizations, libraries and schools across the 46 states that Dollar General serves.

“We are most grateful to be a recipient of a Dollar General grant. Our literacy grant is titled “Plant the seeds of Literacy: Watch Our Students Grow.”

This grant will benefit our students in several ways. First, our teachers, K-6, will be able to access materials in the i-Ready Teachers Toolbox that are created specifically for each student’s educational needs - great individualization strategies! Second, each classroom is receiving a set of up-to-date science books on a variety of topics. Third, there will be personal journals for students to record their thoughts, feelings and information they have learned. Last, in the spring, every student will plant an individual garden pot with seeds. These will be a symbol of our grant “Plant the Seeds of Literacy: Watch Our Students Grow.”

“The Dollar General Literacy Foundation has been proud to invest in literacy and education programs in the communities we call home for nearly 30 years,” said Denine Torr, executive director of the Dollar General Literacy Foundation and vice president of corporate social responsibility at Dollar General. “As the educational landscape continues to shift, our hope is that these funds will help increase access and resources for students, educators and communities dedicated to reading and learning.”

The Dollar General Literacy Foundation is proud to support initiatives that help others improve their lives through literacy and education. Since its inception in 1993, the Dollar General Literacy Foundation has awarded more than \$200 million in grants to nonprofit organizations, helping more than 14 million individuals take their first steps toward literacy or continued education.

We thank them for this wonderful opportunity for both teachers and students.
