Change Management is Changing and so are the people. With many generations working together, we need contemporary and new age framework, tools and resources to manage Change.

About Us

Change Et AI is a Change Management Consulting firm based in Singapore. Over last 6 years of existence we have worked globally with large organizations helping them manage Change successfully. 4A Model of Change is the outcome of our experience managing Change in this digital world, which certainly requires very different approach.

Karunesh is a Lean, Six Sigma and Design Thinking practitioner and also creator of 4A Model. As Head of Culture Integration, Global Head of Quality and HR Leader for APAC at GE working in India, Singapore, Germany, Belgium and USA, Karunesh brings rich and pragmatic Change Management experience.

Ruth is an experienced Trainer, Coach and HR professional with over 20 years of experience working globally in Germany, France, Australia and Singapore. She spent last few years as Head of Learning for GE for EMEA region. She continues to work with clients globally training and enabling people.
