To whom it may concern,

Thank you for the opportunity to apply with your institution.

I am a self starter with an entrepreneurial spirit, I have spent half of my adult life self employed, which requires one to wear many hats. I bring with me 7 years of working with the marginalized community. During my time at the Department of Corrections, I worked with students towards their college goals, advising and counseling students, teaching high school and adult education, writing and implementing curriculum, grant writing, project management, administration, employee supervision, chairman duties, and much more.

I work well under pressure, with deadlines, and with California state standards. Between my education (BFA in Digital Art, and MaEd in Educational Technology) I am very comfortable with digital platforms and software.

I am well versed in coordinating with other instructors, administrators, different facilities and state government. I am proficient in public speaking, staff training, coordinating with sub contractors and outside representatives.

Thank you for your time, I look forward to speaking with you further, and being considered for this position.

SINCERELY,

Megan Delzell
