

# **Our Community Prayer for November**

## ***The Vibration of Gratitude***

Turning within, I open my heart to the presence of God as the Law of all life, the Love of all life. Created out of the love that is God, I am the activity of Its love. Nothing can separate me from this Truth, for nothing can separate me from God.

In this awareness, gratitude flows forth from within and becomes a causative energy; one vast all-enveloping essence and force. I rejoice in this Vibration of Love and Gratitude, for it continues to find expression in and through me as love.

Thank you, God! I let it be and so it is.
