

Our community prayer for April  
*Embracing the Vision*

I claim a Heavenly state of mind. I begin with thoughts of  
God's peace, joy, love, and abundant goodness.  
I listen to the silence that is God, the voice that speaks only Love.  
I recognize it is guiding and directing me.  
As an expression of Spirit, I am living Its Vision.  
The infinite possibility of Life is expressed to, by,  
and through me.  
I joyfully welcome and express my own vision for life knowing  
it is God in me expressing as me.  
I am grateful that the truth of my being is God's Love in action.  
I let it be. And so it is.
