

Our community prayer for April
Embracing the Vision

I claim a Heavenly state of mind. I begin with thoughts of
God's peace, joy, love, and abundant goodness.
As an expression of Spirit, I am living Its Vision.
The infinite possibility of Life is expressed to, by,
and through me.

I listen to the silence that is God, the voice that speaks only Love.
I recognize it is guiding and directing me.

I joyfully welcome and express my own vision for life knowing it is God in
me expressing as me.

I am grateful that the truth of my being is God's Love in action.
I let it be. And so it is.
