

## OUR COMMUNITY PRAYER FOR JUNE

### ***Joyful Living***

*I pause, relax and smile.*

*Spirits radiant expression, bound in a seamless, joyous union to all life is the life, light, and love that breathes in, through and as me.*

*In this awareness I see there are no degrees of separation between me and those I encounter. I am an open vessel of love, light, and harmony.*

*My essence which is radiant joy dispels any gloom caused by misunderstanding or human error.*

*I accept and give thanks for the knowledge of the power of who I am, and who all are.*

*In Joy, I let it be and so it is.*
