

Our Community Prayer for October

A Rich Harvest of Blessings

In the holy moment of now, I turn my attention to God, the One Power and Source of all life.

In my communion with It, I recognize I am supplied with all the love, joy, peace, and inspiration I could ever need. I nurture these blessings within mySelf; they produce spiritual maturity and well-being.

In turn, I share my harvest of good, the fruit of the Spirit, God's attributes in me, which reside in the fields of my own heart and mind.

Thank You, God, for a bountiful harvest of good! Thank You, God, for an abundant outpouring of blessings in my life! In gratitude and joy I let it be. And so it is.
