

Our community prayer for September

FAMILY

God, Spirit, Creator, Source!

Many names, One Power.

Everywhere present, in all of its entirety, the many ways of God express in and through all of its creation.

I open my mind and heart to the presence of God within me and connect with that same presence all around me. It is housed in all life including the human family.

Together we are life in expression; discovering unity in chaos, revealing truth in conditions, and expressing our divinity through our humanity.

*I give thanks for the unity of all life and the many ways of God.
And so it is.*
