A 3D architectural rendering of a trade show booth. The main feature is a large, white, rectangular wall panel. On this panel, the word 'eon' is written in a large, teal, lowercase sans-serif font, with a registered trademark symbol (®) to its upper right. Below 'eon', the word 'EXPERIENCE' is written in a smaller, teal, uppercase sans-serif font. To the left of the main panel, there is a glass partition wall. Through the glass, a silver, modern-style chair is visible. The floor of the booth is made of light-colored wood planks. A teal circular rug is placed on the floor near the glass partition. The entire booth is set against a dark gray background.
