

Ride Connect Texas

We are a nonprofit organization with a mission to promote independence and preserve the dignity and quality of life for older adults and people with disabilities by coordinating and providing transportation services.

Mobile **RIDES**

Our new accessible vehicle debuted in June 2018 and enables us to give rides when a volunteer is unavailable. We are projecting more than 1000 Mobile Rides in 2019.

Building your Transportation Plan Seminars

Interactive presentations that help older adults and people with disabilities identify their transportation needs and learn about ride options in San Antonio.

SUPPORTERS

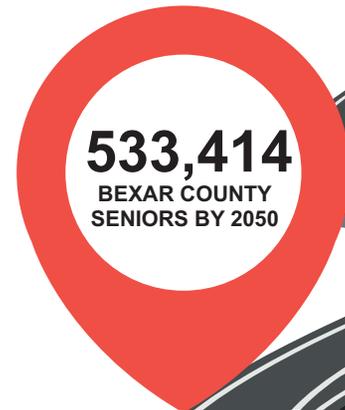

*Ride Connect
Texas*

In January 2018, SWOOP and SCOOP, two transportation cooperatives, merged to create Ride Connect Texas. Together we improve the quality of life for non-driving older adults and people with disabilities by providing transportation options.

Projected Number of Seniors Age 65+ by 2050.
Texas Office of the State Demographer, Populations Program

“My mobility isn’t what it used to be, so it’s nice to know I can count on my Ride Connect volunteer to get me where I need to go. Not only has he become a friend, he’s a part of my family.”

Proudly
Serving
Our Veterans

Elderly Americans, at all income levels, will become transportation dependent at some point in their lives. We are outliving our driving abilities by 7-10 years.

A gift of \$50 today provides enough vehicle fuel to transport 15 seniors to medical appointments, pharmacies, grocery stores and more.
