

## THE CLASSIC 'A CHRISTMAS CAROL'

### *Live Performance.*

I am writing to invite you to help us  
bring this show to your community!

Red Earth Theatre has a 60-minute, readers theatre version of 'A Christmas Carol', adapted for 8-10 actors and fully tour-able that we want to make fully available.

All we need is a gathering space where an audience can sit and enjoy a live theatre show. It includes some well-known holiday songs in which the audience is invited to join.

The show will be available from Dec 4th -20th with some flexibility for time of day/evening. A maximum of 6 performances is available (respecting the actors time and commitments at this time of year.)

We are offering it for free (no ticket sales required) with a \$50 booking fee to confirm and hold the date. If this is impossible for you, please let me know. If you can offer more, that would be wonderful.

The sooner we can work out and confirm the date and time, the better for us to organize the actors' schedules. Please share this with other groups if you think it is relevant.
