CORDLESS STICK VACUUM

STICK VACUUMS

Say goodbye to the dreaded “broom stoop.” You know, the slouching you do when you bend to sweep dirt into an icky dustpan. With a Simplicity stick vacuum, you can easily keep bare floors spotless with one tidy cleaning tool.

Plus, our stick brooms stand at attention ready to clean, unlike those others that can’t stand up and end up laying down on the job.

A•Go•Go Broom Vacuum

Free Range!

A-Go-Go is fiercely independent. With no cord to hold it back, this quick little vacuum happily goes along with you anywhere and everywhere you please. No fuss, no muss. And no limits!

Obedient

Independent, yes. Disagreeable? No way! A-Go-Go’s spinning brushroll and polishing strip mean this vac is game for bare floors, while the power boost increases suction for area rugs. Tidy up curtains, counters and crevices using the stretch hose and aluminum wand to get more than 10 feet of cleaning reach. There are plenty of on-board tools to handle each task.

Graceful

Agile and surefooted – thanks to its swiveling nozzle – A-Go-Go effortlessly navigates tight corners and narrow spaces to pick up every last crumb. Plus, the handle locks into the upright position for when you need A-Go-Go to stay-stay. When the job is done, there’s a convenient charging base that will have this loyal vacuum ready for you when the next adventure arises.
