

## THE RICCAR BROOM VACUUM LINE

With a Riccar broom vacuum, the stooping and straining of traditional broom-and-dustpan sweeping are a thing of the past. Lightweight and maneuverable, these handy vacuums are a pleasure to use and quickly clean everything from rich hardwoods to elegant marble – even throw rugs. In fact, your floors will stay so clean, you'll never again fear kicking off your shoes and walking barefoot.

## ROAM

CORDLESS VACUUM

### UNTETHERED

All of the inconveniences of a cord – the winding and unwinding, the tangles and trip hazards and the frustration of running out of cord just before the job is done – are all no longer an issue. The Riccar Roam allows you to do just that ... roam from room to room without being tied down by a cord.

---

### VERSATILE

With a spinning brushroll and a polishing strip, the Roam makes quick work of bare floors. Use the power boost setting to clean throw rugs and increase tool suction. Roam's on-board tools, stretch hose and aluminum wand offer over 10 feet of reach for above floor cleaning.

---

### EVER-READY

The swivel nozzle makes the Roam nimble enough to glide around floor lamps and under chair legs with ease. The Roam also locks into the upright position so it's never laying down on the job. Its charging dock is the perfect home base to ensure that your Roam is always ready for action.
